

JAP STATESMEN
DISCUSS PREMIER.No Decision is Reached on
Hara's Successor.Baron Den or Admiral Saito
May be Named.Early Selection Necessary, is
General Belief.

(BY CABLE AND ASSOCIATED PRESS.)
TOKYO, Nov. 7.—The elder statesmen conferred today on the Premier's death. So far as known, no decision was reached, but there was a full exchange of views between Baron Denki, Marquis Matsuda, and Baron Makino. Admiral Saito, governor-general of Korea, who visited the palace to pay his respects to the Premier's attendants, a major publication issued an extra that Admiral Saito had been summoned and likely would be charged with reforming the Cabinet. This, however, is regarded as a hasty conclusion. Another possibility for the Premiership is the speculation that in the person of Finance Minister Takahashi, he has the support of many politicians, with considerable influence.

Success or failure of Japan's program at Washington hangs largely on the choice of the new Premier, who, however, probably will not be selected for some days. Early selection is urgent not only on account of the Armament Conference in Washington, but also because the new Premier must submit the budget, top-heavy with cannon and battleships.

The new Premier must have three qualifications: He must be a member of the House of Representatives, have approval of the House of Representatives, and be able to control the House of Representatives.

In all Japan only five men pass these qualifications: Admiral Baron Denki, Governor-General of Korea; Baron Den, Governor-General of Formosa; Admiral Count Yamamoto, Prime Minister in 1915; Viscount Makino, Minister of the Imperial Household, and Baron Goto, Minister of Communications. He has made a good record in Formosa.

Admiral Yamamoto is likely to be eliminated because he was compelled to evacuate the premiership before because of the navy scandal. Viscount Makino is expected to be unavailable on account of his present position in the Imperial Household where conditions are critical because of the incapacity of the Mikado and require a strong hand because of the growing democratic movement.

Baron Goto, who was Minister of Communications in the Okuma cabinet, is believed to be eliminated owing to the absence of a favorable candidate as his successor in the Tokyo majority.

This leaves only Baron Denki, who in two years of his regime has done as much to undo the wrongs in Korea. He is making such headway in harmonizing Korean sentiment by gradual elimination of the iron fist that his removal from that post during this crucial period of unrest among all subject peoples is much doubted.

DEATH NO SURPRISE.
(BY CABLE AND ASSOCIATED PRESS.)
HONOLULU, Nov. 7.—Death at the hands of an assassin came as no surprise to Premier Hara of Japan, according to a statement made by the Premier's widow and reported by the Tokyo correspondent of the Hawaii Shinto, a Japanese daily here.

SUPREME COURT
TROLLEY CASE.Chicago Traction Muddle
Reviewed Today.Rise in Fares Taken Before
Highest Tribunal.Decision Will Affect Many
Cities of Nation.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Nov. 7.—The legal battle growing out of the increase of street car fares in Chicago from the old 5 to the present 8 cents assumed nationwide significance today. The appeal of the City of Chicago from the Illinois Supreme Court decision upholding the power of the Public Utilities Commission to order the increase of fares will be argued before the United States Supreme Court tomorrow.

The Supreme Court will stand as a precedent for similar disputes in many of the principal cities of the country, notably New York. If the Supreme Court sustains the Illinois Commission's order, the increased rates in numerous cities will be upheld and increase elsewhere will follow.

WOULD FILE BRIEF.
Louis R. Carpenter, representing James L. Quackenbush, counsel for the Chicago Traction Company, said today that he would file a brief. Special and regular counsel for New York City, John W. Quinn, said that the Justice Department will act on their request tomorrow.

The chief contention in the Quackenbush brief follows: "The ordinance in question, while nominally an arrangement between the city and the street railway, was in reality a grant from the State to the municipal corporations. In granting franchises for public service, the municipal corporations are discharging a governmental function."

Chicago case involves the 5-cent fare issue and the decision in its case will affect the fare question in many cities. It involves the power of the Public Service Commission to raise rates of fare in spite of and in derogation of an express, positive provision in franchises prescribing a 5-cent fare, contractual in its nature.

"While the traction question involving fares has been presented in minor aspects to the Supreme Court since the war, this is the first time the power of the State Legislature, through the Public Service Commission, to override and nullify the 5-cent fare in franchise contracts has come before this court."

TO REVOKE CHARTERS
OF KANSAS UNIONS.

(BY A. P. NIGHT WIRE.)
PITTSBURGH (Kan.) Nov. 7.—John L. Lewis, international president of the United Mine Workers of America, declared in a telegram tonight that the United Mine Workers of America will not further tolerate the rebellion against the international union by the deposed officers of the Kansas district. The charter of every local union of which the membership has not returned to work on or before November 16 will stand revoked and membership in the United Mine Workers will be automatically suspended, the telegram stated.

RUSH TO PASS
TAX MEASURE.

(Continued from First Page.)

amendment by Senator Walsh, Democrat, Massachusetts, providing a graduated tax on "transfers of property by gift by every person."

The rate ranges from 1 per cent of the amount by which the gift exceeds \$25,000 and does not exceed \$50,000 to 25 per cent on the amounts in excess of \$100,000.

Thirteen Republicans, including Johnson, joined the Democratic majority in supporting the amendment, which, it was explained, is designed to prevent wealthy individuals from escaping payment of surtax through division of their property among their relatives.

On a tie vote, 32 to 32, the Senate rejected an amendment by Senator Kenyon, Republican, of Iowa, proposing a tax equivalent to 15 per cent on the value of tax-exempt securities transferred as parts of estates, provided such securities were issued after the passage of the act. Previously by a vote of 32 to 25, the Senate had rejected an amendment by Senator La Follette, Republican, of Wisconsin, which would have imposed the same tax and also a 10 per cent tax on the value of the securities issued before the passage of the act.

SENATE REJECTS MOTION.
On motion of Senator Reed, the Senate voted 32 to 31 to strike out the Lodge amendment allowing the holding companies to deduct from their capital stock the amount of such tax paid on the stock of their subsidiaries.

On motion of Senator Pomerehne, Democrat, of Ohio, the Senate voted, 44 to 24, to make the same as at present—\$1 million of capital stock in excess of \$500,000.

Another effort to continue the excess profits tax after this calendar year failed, the Senate rejecting, 33 to 30, an amendment by Senator Reed proposing a tax of 20 per cent on net profits of corporations in excess of \$100,000.

The amendment was supported by seven Republicans, Capt. John Kenyon, La Follette, and Senator Horbeck and Norris.

Senator Smoot brought up the sales tax again, proposing his original bill on capital stock and a 32 per cent maximum income surtax rate, and a capital stock tax, 15 per cent, without a record vote.

Reconsidering, the Senate voted to allow original purchasers of Liberty Bonds an exemption equal to the interest on money borrowed to purchase or carry these bonds.

In rapid succession the Senate rejected three amendments proposing changes in the corporation income tax rate of 15 per cent. The first amendment, proposed by Senator Edgar, proposed retention of the present 10 per cent rate, the second by Senator Walsh of Massachusetts was for a graduated tax of 12 to 20 per cent, and the third by Senator La Follette, proposed a 10 per cent rate in the case of corporations having net profits of 5 per cent or less.

For a second time and by a vote of 34 to 23, the Senate rejected the Finance Committee proposal to make tax returns a matter of public record. Seven Republicans joined the Democrats in supporting the amendment.

FEATURES OF THE BILL.
Features of the tax revision bill provide for the excess profits tax and the graduated tax on net income, and a reduction of the surtax rates, with the maximum rate reduced from 50 to 35 per cent. Besides, the bill would repeal taxes on:

Barrel pot packages.
Proprietary medicines, toilet soaps

and toilet soap powders, tooth paste, tooth and mouth washes, toilet powders, and petroleum jellies.

(Planos and other musical instruments.)

Admission fees for the cost does not exceed 10 cents.

Plasma bottles and canoes costing less than \$100.

Thermos and thermomastic bottles and tables, pool tables and dice.

Portable electric fans.
Bonds of indemnity and surety.

(Stamp taxes.)

TAXES PROPOSED TO BE REDUCED.

Proposed to be reduced include those on:

Individual incomes of \$5000 or less through increased exemption of \$500 to heads of families and \$100 for dependents.

Candles from five to three per cent.

Works of art from 10 to 5 per cent.

Capital stock issues having a par value of less than \$100 a share.

Cereal beverages from fifteen per cent of the sale price to two cents a gallon.

Unfermented fruit juices from ten per cent of the sale price to two cents a gallon.

Medicinal beer, wine (except champagne) and whiskey.

Alcohol when diverted unlawfully for domestic use from 32.29 a gallon to \$4.40 a gallon.

TAXES TO BE CHANGED.

Proposed to be changed include:

Stamp levies on perfumes, essences, toilet water, etc., at 4 per cent.

Retail taxes on fountain drinks to manufacturers' levies of 7 1/2 cents a gallon on finished fountain syrups for such drinks.

Retail luxury taxes on carpets, rugs, trunks, suitcases, traveling bags, suitcases, hatboxes, fitted toilet cases, purses, pocketbooks, shopping and handbags, portable electric fans, including lamps of all kinds and lamp shades, and fans costing in excess of certain amounts to manufacturers' levies of 10 per cent.

New taxes include:

Levies on gifts of property by any person at rates ranging from 1 per cent on gifts of less than \$100,000 and \$50,000 to 25 per cent on \$100,000 or more.

Manufacturers' tax of 3 per cent on synthetic and gas to make up part of the revenue lost in repealing the soda water taxes.

NORMAL AND SURTAX.

The total normal and surtax, which would be paid or given in lieu of the present tax as compared with the present law, based on the net income of a married person, would be as follows:

Normal tax: The normal tax under the present law would be as follows:

Normal tax: The normal tax under the present law would be as follows:

UNIONITES GET
SMALL COMFORT.Federal Pressure Used to Halt
Oil Field Disorders.Workers' Chiefs Meet Here
With Government Officials.Operators Stand Pat on the
Open-Shop Principle.

Government pressure to prevent further outbreaks of disorder in the San Joaquin Valley oil fields was exerted yesterday morning when Hywel B. Davies, Federal Oil Board adjuster, and Charles T. Connell, United States Commissioner of Conciliation of the Department of Labor, met here with three officials from the oil workers' union of Bakersfield to discuss the situation.

Mr. Davies returned Saturday from Washington, where he had been for several weeks conferring with Secretary Davis regarding the California situation. The union officials of the central district, which had asked government intervention in the strike situation. They asserted that had complied with the Secretary Davis's request that the strike be called off and they urged the Federal mediators to intercede with the producers for the interest of the unions.

While the strike was called off by the unions last week, operators have declined to consider union members in any way and have been employing men at any cost. The operators have established their shop for all work in the district and it was to overcome that situation the unions appealed to the Department of Labor officials.

OPERATORS FIRM.
Just what attitude the department will take was not announced at the meeting, but it was understood the mediators have not received much encouragement from the operators to have daily dealings to hold any conference with representatives of the union, whether government officials are present or not.

"We do not know," Hywel Davies said, "said H. W. Clark, chairman of the producers' association in this district, "and we certainly have nothing to confer with them about. Just what the government officials figure in the Bakersfield or the local situation, the operators and unions in California oil fields."

There will be no conference between the operators and unions in California oil fields," was M. H. Whittier's reply to a query. He is president of the Chamber of Mines and Oil and has been closely in touch with the labor situation in Southern California.

Whether any further conferences with the union officials will be held by the Federal officials will depend upon results of the next few days. It is understood. The Labor Department officials have been trying to check the disorder that have marked the situation in the oil fields since the strike was called off. It was reported the union representatives attempted yesterday to place the blame for the outbreaks. They declared the union men are not responsible although they are on duty and the patrol system is still in operation.

The union men, who left yesterday for Bakersfield to confer with the Federal officials, are being held in the city. They are being held in the city. They are being held in the city.

ESTEY

We Are Sole Agents for the Famous

ESTEY ORGANS

For Lodges For Churches

For seventy-five years, Estey Organs have dominated their chosen field; in fact, they are practically the only reed organs produced in any quantity today. They stand supreme among the reed organs of the world. We have a complete stock of these fine instruments, ranging in price from \$150 to \$1250, available on liberal terms. This stock includes various models, with single or double manual, with or without the pedal base, some with and some without pipe tops and models with or without electric blowers. NOW is the time for lodge and church officials to make the musical arrangements for their Thanksgiving and Christmas celebrations, and the Estey Organ should be seriously considered, as it is indispensable on such occasions.

Geo. J. Birkel Co.

AUCTION

Of the Wholesale Collection of

Persian and Chinese Rugs

On exhibition today until hour of sale.

Sale Today and Wednesday

Commencing at 2 P. M.

This Evening at 7:30 P. M.

One of the largest wholesale importers of New York has made this unusually large and valuable consignment of rugs from the Orient to be converted into cash at a very large reduction from his wholesale cost. It is very seldom, if ever, that any similar collection is offered at public auction. Every piece is the finest of its kind, individually selected and guaranteed to be exactly as represented.

Kashan, Kermanshah, Lillibam, Araks, Sarouks, Bijara, Bokharas, Hall Rugs, Mulgaras, Chinese rugs of the finest order made, pure wool and finest vegetable dyes. And many rugs too numerous to mention. This collection includes many antiques and especially rugs of unusual sizes.

We have arranged with Mr. A. S. Salsian, well known expert, to represent us and conduct the Sale

LOAN DEFAULT NOW SERIOUS.
(Continued from First Page.)

warning of the disastrous effect of default on this loan would have up-
ported from Peking, that the default
might embarrass continued negotia-
tion of the Peking government.
It appears that the Chinese Minis-
ter of Finance resigned on October
31 after refusing to renew the loan
issue, as had been proposed by Vice
President Abbott of the Chicago bank.
A new Minister has been appointed,
and Mr. Hsiao hopes that the default
is purely technical and that negotia-
tions for renewal
now are proceeding.
The new international consortium
was to have loaned \$10,000,000 to
China, from which the principal and
interest of the Chicago loan could
have been met, but Morgan & Co.
held up the advance by the consor-
tium because China had declined to
recognize responsibility for the
payment of certain German bonds
issued to finance a Chinese railway,
which bonds the Chinese govern-
ment had confiscated after declar-
ing war on Germany. The Chinese
government contends that the
Morgan firm acquired the bonds
after the date on which they were
declared confiscated. Moreover,
China has not accepted the con-
sortium plan of financing China.
DELEGATES WORRIED.
The Chinese delegation to the
conference is greatly worried over
the unfortunate possibilities of this
incident, and has asked Peking ad-
vice to remove the cause of friction.
If China is going to default on
foreign loans there will be little
sympathy in the conference for the
plan of China to be relieved of any
foreign supervision of financing. To
obtain restoration of complete finan-
cial autonomy is one of the aims of
the Chinese delegation.
The weakness of the Peking gov-
ernment is proving extremely em-
barrassing to these diplomats who
believe that Far Eastern questions
can never be settled satisfactorily
until the powers agree to respect and
protect the territorial integrity of
China. The South China revolution-
aries control Kwangtung and parts
of two or three adjoining provinces,
while the province nominally under
the control of Peking are more
or less disordered. Something more
than a guarantee of territorial in-
tegrity of China would appear to
be necessary if nationals and their
property in China are to be pro-
tected.
The simplest method, according
to the viewpoint of the Japanese,
would be to send foreign troops into
China to quell disorder threatening
the safety of foreigners and their
interests. While the American
people will be willing to send troops
to China to make effective a guaran-
tee of the territorial integrity of
China is not certain.
The Japanese have come to the
conference professing to be willing
to enter into any feasible agree-
ment on China. They say they are
willing to withdraw from every
foot of China and they occupy it
the other powers will withdraw, like-
wise. They have no idea, however,
that Great Britain will with-
draw from Hongkong.
The Japanese also say they are

SEES NO NEED OF OIL TARIFF.

"Big Mexican Fields Will Soon
be Exhausted.

No Longer Menace to Ameri
can Industry.

Keystone State Producer Has
Changed Mind.

(REUTERS DISPATCH.)
WASHINGTON, Nov. 7.—Impend
ing exhaustion of large Mexican oil
fields has caused Representative Guy
B. Campbell of Pennsylvania, an oil
producer, to change his mind on the
need of protection by American pro
ducers. He is now against a tariff
on crude oil.

"In view of what has happened to
the light oil fields of Mexico I do
not believe there will be any reason
for American oil producers to press
for passage any measure providing
for a high tariff, or, in fact, any
tariff at all on the imports of Mexi
can crude into this country," said
Mr. Campbell today.

MENACE HAS PASSED.
"When the new tariff bill was
up in the House, being in the
oil business, I favored the im
position of a high tariff on Mexican
oil as a protection for American oil
producers—but I am convinced now
that the Mexican crude oil menace,
which, up to a short time ago, was
a threatened grave danger to Ameri
can oil producers, has definitely
passed. American oil producers no
longer fear Mexican oil production.

This is evidenced by the increased
price of American crude oil. The
complete exhaustion of the Mexi
can light oil fields of Mexico, which
in the past produced hundreds of
millions of barrels of oil and on which
the great refining organizations of
America depended almost exclusiv
ly for their crude oil supplies is now
in sight. Within a few months the
great fleet of Mexican oil will have
subsided and the world's oil supply
will be in better hands.

WILL END RIVALRY.
"The exhaustion of the Corra Azul
Tosco sectors or pools (now im
minent), will really put an end to
Mexico as a dangerous menacing
rival to the American oil producing
fields—and with the elimination of
the Tampico-Tuxtepec or south oil
fields (light oil) as producing fac
tors, surely the American oil pro
ducers have nothing to fear in the
future from Mexico.

"As to the possibility of the latter
fields ever being replaced by other
great producing areas the American
oil producers generally are willing
to take a chance. It is easier to talk
about developing another oil pro
ducing area than actually accom
plishing it. Nature is not overgen
erous in bestowing oil and the
latter claim, which undoubtedly were
the greatest oil-producing fields of
the world."

EXTRA GUARD FOR AMERICAN EMBASSY.

(BY CARL AND ASSOCIATED PRESS.)
SANTIAGO (Chile) Nov. 7.—An
extra police guard was placed about
the American Embassy tonight in
view of the fact that the Communists
had planned a demonstration to com
memorate the fourth anniversary of
the revolution, and also in protest
against the conviction of Sacco and
Vanzetti in Massachusetts.

MIDDLE WEST NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)
DENVER, Nov. 7.—The children's
bureau of the Department of Labor
has issued a critical statement con
cerning the employment of 1477 chil
dren under 18 in the sugar beet
fields of Colorado. It is charged
that continual stooping has serious
physical effects and that their edu
cation is handicapped.

A portrait of Buffalo Bill eight
by twelve feet, will be painted by
Robert Lindner at the top of Lookout
Mountain within the next four or
five months, according to
Lindner.

The second divorce between Frank
W. Calvert and Mrs. L. Josephine
Calvert, well known in Denver so
ciety, has been granted.

Tuesday members of the board of
directors of the Federal Reserve
Bank will meet with plans for the
new Federal Reserve Bank
Building here and for consultation
with Denver architects regarding the
building.

INDIANAPOLIS, Nov. 7.—While
Mr. and Mrs. James M. Davis were
attending the theater their home
was broken into and jewelry and
other articles valued at approximately
\$8000 were stolen.

Organization of the details of the
cotton system by which the North
Atlantic coast of the United States
raise \$10,000,000 within the next
three months, and an almost equal
amount between that time and the
end of the next fiscal year, are be
ing planned by the convention mem
bers in session here.

ST. LOUIS, Nov. 7.—A vein of
coal, believed to be an extension of
the famous Beaver vein, has been
found on the Gibbs farm near Love
Lake at a depth of 148 feet. It is
only three feet thick, but it is be
lieved that a large vein will be
found further down.

A claim for half the estate of the
late David L. Bushnell, wealthy seed
dealer, who died March 29, was filed
in the probate court by Mrs. A.
Amanda Bushnell of Washington,
D. C., his divorced wife.

KANSAS CITY, Nov. 7.—The
smallest situation in Kansas City is
more serious than at any time since
the epidemic became pronounced.
Ten new cases were added yesterday
making a total of forty-two persons
suffering from the malady.

The Public Service Commission
has made an order permitting the
Kansas City Railway Company to
continue its 3-cent fare for six
months. It had entered a com
plaint to defraud the late Mrs.
Sarah E. Craig of Atwood, Kan., two
children of the lawline County
District Court, two Atwood lawyers,
two bankers and several farmers
have been made defendants in a
suit for \$42,700 damages filed by
S. J. Craig, the woman's husband.

FIRE APPARATUS NOT
RESTRICTED BY LAW.

PASADENA WINS DAMAGE CASE
WHICH WAS APPEALED BY
PACIFIC ELECTRIC.

(BY A. P. HUNT WEBER.)
SAN FRANCISCO, Nov. 7.—Fire
apparatus is not included in the
general rules restricting and direct
ing traffic because it is an agency
of the state, the State Supreme
Court held today in affirming a
Superior Court decision involving a
motor fire truck of the city of
Pasadena.

The city recovered damages from
the Pacific Electric Railway Com
pany on behalf of two of its fire
men as the result of a collision be
tween the truck and an electric
train. The corporation appealed on
the ground that the truck had failed
to observe the traffic regulations,
since it cut a corner and approached
a crossing at more than fifteen miles
an hour.

The Supreme Court ruled it
would be absurd to expect fire ap
paratus to be subject to the regu
lations affecting other traffic, but
that the fire department must ex
ercise reasonable care, under the
circumstances, as giving warn
ing of its approach.

The city of Pasadena recovered
\$2500 for the family of Charles
Carlson, who was killed in the col
lision in February, 1918, and \$422
for O. B. Sullivan, the injured
fireman.

BOY OF 14 HELD IN
DEATH OF AUTOIST.

(BY A. P. HUNT WEBER.)
LITTLE FALLS (Minn.) Nov. 7.
John Goodhope, 14 years old, was
held in the County Jail today in
connection with the death of
L. Bergstrom. The Goodhope boy was
arrested today after the Sheriff an
nounced that the boy told him he
fired a shot from a small rifle in
an attempt to break the glass in
the rear of an automobile.

OMAHA, Nov. 7.—A tour of the
new State park to view pos
sible sites for Nebraska State parks
scheduled for this fall, will be pos
tponed until next spring.

There is a famine of hot water
tanks in Hastings, following the
bursting of fifty in homes during an
insurance test of city water pressure.
Every tank in the plumbing shops
was quickly sold.

Following his arrest several days
ago on a charge of stealing cattle,
Charles Coker of Alliance, promi
nent rancher was arrested a second
time today on a charge of arson in
connection with the burning of a
barn on the Glen Gentle ranch.

Mr. and Mrs. F. T. Naughtin have
departed for California for an ex
tended stay.

DETROIT, Nov. 7.—What is pre
dicted as a break in the prolonged
mining depression on the Iron River
range was announced by mining of
ficials yesterday following the state
ment that 100 men would be put at
work at the Fogarty, Baltic and
Balkan properties on December 1.

Club activities are to be com
menced and a woman who does her
washing and scrubbing can in no
sense be the word be deemed ex
traneous, Judge A. F. Marchner
ruled when he granted a decree of
divorce to Rebecca Leonard, promi
nent club woman and welfare work
er, from Edwin Leonard, stock
broker.

MILWAUKEE, Nov. 7.—With tur
niture firms working busily the lo
cal employment situation is much
better, according to the govern
ment employment bureau here. There
are many calls for men to work in
the northern woods, but on account
of low wages they are hard to fill,
it is said.

Wisconsin is to receive \$1,250,000
of the \$75,000,000, which, under the
bill passed by the Senate last week,
will be expended by the government
for good roads.

MINNEAPOLIS, Nov. 7.—Police
are watching for the return of a
band of boys, led by a little girl,
said to have raided nine lockers
belonging to canoe owners at Lake
Pawnee, cushions and other articles
were stolen.

Arthur C. Townley spent last night
in his cell in the Jackson County
Jail, the first of a ninety-day sen
tence for sedition.

SAN FRANCISCO TO CHOOSE OFFICIALS.

VOTERS TODAY WILL ELECT
NINE SUPERVISORS, CITY AT
TORNEY, POLICE JUDGE.

(BY A. P. HUNT WEBER.)
SAN FRANCISCO, Nov. 7.—Nine
supervisors, two police judges, a
city attorney, treasurer, tax collector,
recorder, public administrator and
seven members of the Board of
Education, are to be chosen tomor
row by the voters of the city and
county of San Francisco.

A preferential voting system
will be used, by which the voter
may indicate his first, second and
third choices for each office. To be
elected, a candidate must receive a
majority of the first choice votes
cast, or failing that, a majority of
the first and second choice votes,
or if this fails, a plurality of the
first, second and third choice bal
lots.

Voters will pass on members of
the Board of Education for the first
time, under a charter amendment
adopted last year by which the
Mayor must submit his selections to
the people for confirmation.

Express Car Robbed.
(BY A. P. HUNT WEBER.)
MUSKOGEE (Okla.) Nov. 7.—An
express car of a Missouri, Kansas
and Texas train from St. Louis to
San Antonio, was robbed today, ac
cording to officials here. No es
timate was available as to the
amount stolen.

QUARREL OVER CARDS RESULTS IN MURDER.

MAN CHARGED WITH SLAYING
OWN BROTHER FOLLOWING
NEW YORK QUARREL.

(REUTERS DISPATCH.)
NEW YORK, Nov. 7.—Detectives
of the homicide squad are search
ing for Vincent De Francisco, 35,
whom they charge killed his
brother, Rosario, 47, yesterday, in
an argument over cards.

Four brothers of the De Fran
cisco family were playing in a
friendly game when Rosario, the
police say, accused Vincent of deal
ing in a ruse. The other players
chained the door to prevent him re
turning, the detectives say. He
returned soon, forced the door au
thorlessly to poke a revolver through
and shot Rosario in the left eye.
Rosario was dead when the physi
cian arrived.

HUNTER SEES SEVEN
BIG MOUNTAIN LIONS.

(REUTERS DISPATCH.)
FLAGSTAFF (Ariz.) Nov. 7.—Sev
en full-grown mountain lions have
been seen in a single band, believed
a record in the Southwest. Ed
Rabbit, the animals north of
the San Francisco peaks. Rabbit
is going to get a pack of dogs and
a professional lion hunter and re
visit the scene.

WARNING ISSUED TO
AMERICAN INVESTORS.

(BY A. P. HUNT WEBER.)
WASHINGTON, Nov. 7.—Ameri
can investors were warned last
night by the commerce department
to exercise care in purchasing for
eign bonds payable in depreciated
currency in the expectation of re
alizing enormous profits when ex
change values return to normal.
Certain concerns, the department
said, are offering for sale national,
municipal and industrial issues, ex
pressed in depreciated currency
which represents only a small frac
tion of their normal exchange value.
This, the department added, is the
case with the currencies of Ger
many, Austria, Poland, Czechos
lovakia, Rumania, Jugo-Slavia
and Hungary.

In some cases, the department
said, the prices at which these se
curities are offered, are unduly high.

WOMEN ENVOYS TO CONFERENCE.

Four to Take Official Part at Armament Meet.

All Ready to Back Up Policy of President.

Keep Reduction to Limit of Safety, is Idea.

(REUTERS DISPATCH.) WASHINGTON, Nov. 7.—Four women will take part officially in the Conference on Limitation of Armaments and Far Eastern Problems, but more than 4,000,000 or 5,000,000 women in the United States to say nothing of the millions in this and other countries not formally affiliated with any organization, will be heard through their own representatives when President Harding delivers his address of welcome to the delegates in the Hall of the Daughters of the American Revolution on Saturday.

No other country is sending women to Washington, either as delegates or advisers, and of the four American women probably only one, Eleanor Franklin Egan, will approach the problems of the Far East with a degree of interest and understanding equal to that which women generally feel in armament limitation.

On the latter issue, however, the attitude of all four, Mrs. Egan, Mrs. Thomas G. Winter, Mrs. Charles Sumner Bird and Mrs. Katherine Phillips Edson, which fairly represents the millions of women who have expressed themselves on the subject, is one of the strongest assurances that the conference will have from the women of the United States exactly the kind of support desired by the President and Secretary of State Hughes. For every woman, while ardently desiring and hoping for peace and for agreement that will reduce to a minimum the necessity for arms, is following the gleam of that bright hope with her feet firmly on the ground.

KEEP TO SAFETY LIMITS. International agreements and the reduction of armaments within the limits of national safety is the position of the General Federation of Women's Clubs with 2,000,000 members represented by Mrs. Winters of the National League of Women Voters with a membership of about 2,000,000; Women's Christian Temperance Union and the Women's Trade Union League, representing nearly 1,000,000 more; the National Congress of Mothers and Parent-Teacher Association of 9,000,000 members; the Young Women's Christian Association with 260,000 members and the American Association of University Women, with between 14,000 and 15,000 members. The Daughters of the American Revolution are inclined to be even more conservative.

Of all the organized groups of women represented at Washington, only three with a total membership of less than 5000 in the United States stand for complete and immediate disarmament, the Women's International League for Peace and Freedom, of which Miss Jane Addams is honorary president; the Women's Peace Society, led by Mrs. Oswald G. Villard, and the women's committee for world disarmament, organized about a year ago under the chairmanship of Miss Emma Wolf.

Women are included in the membership such organizations as the American Union Against Militarism, the Friends' Disarmament Council, and the Fellowship of Reconciliation, but in comparatively small numbers.

SECURE SAFETY OF WORLD. Mrs. Winters' call, issued to the club women of the country a few months ago, urged them to "back the leaders of our government in their attempt to secure the future safety of the world."

She did not then and does not now believe disarmament at this time to be within the range of possibilities. "We must start from where we are," she said on the day of her appointment as a member of the advisory committee of the Amer-

OFFERS TO SELL SEVERAL WIVES.

Cape Colony Prince Has Nine, but Wants Brothers to Buy Some.

(BY A. P. NIGHT WIRE.) BATON ROUGE (La.) Nov. 7.—Prince Roanna of Cape Colony, Africa, was here today visiting seven of his sisters who are attending the southern university. The Prince's father, who is head of the Zulu tribe, has fifty wives and twenty-four children, but says he is considering selling some to his brothers. Wives can be purchased in Cape Colony for from two to 500 head of cattle, the Prince explained.

A delegation of university women, including Dean A. Comstock of Smith College, Miss L. Keller, dean of women at the University of Richmond, and Mrs. Herbert Hoover, wife of the Secretary of Commerce, presented last week to President Harding resolutions urging the utmost effort on the part of the American delegates "to bring about a mutual agreement to suspend all present programs for naval construction until some permanent international agreement can be arrived at, and furthermore, to provide such international sanction as shall make said agreement for suspension effective." They urged the delegates also to work out a plan for an association of nations.

That is the most definite program suggested by any large group of women so far, and represents the opinion of American women generally with the exception of the small groups comprising the extreme left, whose program is complete and immediate disarmament and who stand for a policy of nonresistance.

MOTLEY FLINT TALKS TERMINAL WITH HAYES

LOS ANGELES BANKER WANTS TO SEE NEW BRANCH DONE BY CHRISTMAS HOLIDAY.

(REUTERS DISPATCH.) WASHINGTON, Nov. 7.—Motley H. Flint, vice-president of the Los Angeles Trust and Savings Bank, arrived in Washington today and had several conferences with Postmaster-General Hayes concerning the completion of the terminal post-office branch, arrangements for which were completed last week. He was particularly anxious that the Christmas mail of this year be well cared for in the new station and was assured that steps had already been taken to make sure of this.

SUES AVIATORS FOR CRASH INTO HOME.

(BY A. P. NIGHT WIRE.) OMAHA, Nov. 7.—Sult was filed here today against John Larson, airplane manufacturer, and Col. H. E. Hartney, Washington, (D. C.) pilot and executive secretary of the Aero Club of America, for \$2639.70 damages alleged to have resulted to the home of Charles Jensen, Omaha, on Aug. 5, 1920, when a plane they were flying crashed into his house. Col. Hartney was seriously injured in a crash at the International Air Congress here last week and is in a hospital.

**PRICES IN GERMANY
ARE RISING RAPIDLY.**

DOMESTIC MARKET SHOWS EFFECT OF DECLINE IN MARK; RUSH TO BUY SECURITIES									
(BY CABLE—EXCLUSIVE DISPATCH.)									
BERLIN, Nov. 7.—With the mark floundering around 356 to the dollar Germany now realises more than ever the effect of her transformation of the monetary system into a purely paper one.									
The effect of the persistent decline of the mark is shown daily in the domestic market. Prices are rising rapidly in all commodities. During the week there has been a wild rush in wholesale and retail houses to buy up everything in sight before prices attain what is regarded as prohibitive heights. In Berlin especially all hardware and stores are being rapidly cleared.									
A similar rush is to be found in the market for securities, where buyers are feverishly seeking to convert cash and war bonds into industrial stocks or other real values. This movement is particularly apparent among holders of war bonds and other government papers. They are seeking to convert them into such holdings before the mark loses even its present small value of three pfennigs.									
Working to their fullest capacity, with new orders coming in in an uninterrupted stream, leading rapidly to a shortage in foreign currency and mounting into fabulous sums as expressed in marks. This is why designers are seeking to purchase industrial securities in sight, hoping to recuperate in this manner some of the losses incurred in speculation in marks.									
In general the industrial and financial situation is rapidly beginning to look a fearful, unhealthy and unnatural glow in spite of the fact that Germany, alone of the great trading nations of the world, is working full blast.									
CHICAGO EXCHANGE, RANGE, PRICE, SALES.

QUESTIONS ANSWERED

Q: Can you give me the answer to the question in the Los Angeles Times of October 27, 1921, regarding the question of the "Holloway" case?

A: The answer to the question is that the "Holloway" case is a matter of internal security and is not a matter of public concern. The government is not at liberty to disclose the details of the case.

Q: Do any States in the Union have a law that prohibits the sale of liquor to minors?

A: Yes, all States in the Union have laws that prohibit the sale of liquor to minors.

Q: The Forestry Service wants the tax on yield of timber land to be increased. Is this a new tax?

A: No, this is not a new tax. It is a tax that has been in effect for many years.

Q: The War Department has announced that a chaplain is to be appointed to each regiment in the United States Army. Is this a new position?

A: No, this is not a new position. It is a position that has been in effect for many years.

Q: The United States has been accused of being a "yellow dog" nation. Is this a fair accusation?

A: No, this is not a fair accusation. The United States is a nation of free men and women who are entitled to the same rights and freedoms as all other nations.

One of Our Mammoth Dish-Washing Machines

The Travels of a Dish

—at Boos Bros.

AN AUTOBIOGRAPHY

I WAS called into service at Boos Bros., to hold a generous portion of delicious roast beef covered with piping-hot pan gravy and accompanied with an order of hash-browned potatoes.

A Serving Girl handed me to a customer, with whom I journeyed to a table in the dining-room. Soon bereft of my precious cargo, I was left deserted. A Floor Girl quickly spied me, picked me up and carried me to an escalator, upon which I was conveyed to an immaculately clean kitchen and into the hands of a Dish Feeder at a mammoth dish-washing machine.

I was ugly when put into the water, but after two immersions in boiling suds and a Turkish bath in a steam compartment, I emerged smilingly clean and bright. While the Dish Taker looked me over approvingly, he, nevertheless, insisted upon my going with him to an inspector, who very scrutinizingly gazed at me before permitting me to travel further.

The Tray Boy then escorted me to an elevator, in which I was transported to one of the nicest warming closets imaginable. Here, I enjoyed a brief but very comfortable stay, awaiting my turn to again share in the service of feeding thousands of persons a day—an everyday event in each of Boos Bros' Cafeterias.

SHRINERS PLAN FOR CHRISTMAS.

Will Again Play Santa for the City's Poor Kiddies.

Thanksgiving Eve Ball Will Help to Raise Funds.

Nobles to Distribute Gifts for Fifteenth Time.

Calling on all Nobles of the Mystic Shrine to make this the banner year in their annual Christmas charity festivities, announcement is sent forth by Motley H. Flint, chairman of the Shrine Christmas relief work, that the fifteenth annual charity ball will be held Thanksgiving Eve, Wednesday, the 23rd inst.

The ball, always one of the most brilliant social events of the year, will mark the initial activity of the Shrine in their work of disseminating Christmas gifts, food, clothing, bedding and good cheer to thousands of poor families which otherwise would have no Christmas celebration.

The fifteenth Shrine Christmas charity ball will be held at the Ambassador Hotel, this year, and following this event preparations will be made for the program of Christmas giving and the Christmas tree festival under the direction of James W. Jump.

Following is the appeal sent forth to every Noble of the Mystic Shrine by Mr. Flint:

Dear Noble: What are your recollections of childhood Christmas days? Was there ever an occasion so joyous, so looked forward to? Do you remember those endless weeks that passed before Santa Claus came? And the rapture of Christmas morning when you jumped out of bed and found that in some mysterious way your stockings had been filled with the toys and goodies you most desired? These are memories painted in colors that will never fade.

This is the kind of Christmas Al Malakiah wants to give to the poor kiddies of Los Angeles. For fourteen years we have played Santa Claus to these unfortunate, bringing sunshine and joy to little hearts that would be otherwise dark and forlorn. It is not a duty forced upon us. It is a philanthropy we have gladly assumed, and year after year as our work has increased we have felt amply repaid on seeing childish faces smiling up into ours, full of gratitude and joy.

The fifteenth Shrine charity ball will be held at the Ambassador Hotel, Thanksgiving Eve. The price of the tickets—\$5—means five happy little faces, five children whose vision of Santa Claus is of a kindly old fellow wearing a Shriners' fez.

Noble, they are once again expecting it of us. What faces are peering out from dark and cheerless homes. We cannot disappoint them! If you are unable to use these tickets yourself, give them to your friends, who are not so fortunate as to be Shriners. Give someone a chance to help in this charity, which means happiness for a little child on Christmas Day. And when you send in your check for tickets, remember, we will gladly send you more at your request.

Let us make this fifteenth Shrine Christmas charity the best and biggest ever! Let us spread its cheer into thousands of expectant little hearts which yet hold that wonderful childhood belief in Santa Claus.

LOCAL DAIRYMEN GET HONORS IN PORTLAND.

ALL POSSIBLE FIRST PRIZES FOR MILK EXHIBITS WON IN LIVE-STOCK SHOW.

Los Angeles dairymen carried away all possible first prizes for milk exhibits at the Pacific International Live-Stock Show at Portland, according to a telegram received yesterday by Dr. J. P. Bushong of the Los Angeles Health Department.

Exhibitors from California, Oregon, Washington and British Columbia entered milk and cream samples. Nineteen milk samples and five of cream were entered by local milk producers and four gold medals, all that were offered for milk, were captured by local concerns.

J. Henry won a first prize for market milk, raw, with a score of 91.5 per cent. The Burr Creamery Company won two firsts—market milk, pasteurized, score, 93.9, and guaranteed milk, score, 93.1. The Cold Springs Dairy took first prize for certified milk, with a score of 93.1 per cent.

The average score for Los Angeles was 93.9 per cent, which was entered as the score for the Los Angeles milk inspection service, rated the best of all cities entered at the milk-judging contest of the show.

RARE ART IS OFFERED.

County Asked to Buy Collection of Etchings and Engravings.

The William King Fisher collection of etchings and engravings, valued at \$30,000 and now on exhibition in the Museum of History, Science and Art, Exposition Park, was offered to the county yesterday for \$15,000. Representatives from various clubs and connoisseurs of art appeared before the Supervisors, urging that the county buy the collection.

Among others who told of its value was Edward Langley, Douglas Fairbanks' art director. Walter Lewis Burn introduced the speakers.

The Supervisors stated that this was a city proposition rather than the county's, and advised that the committee take it up with the City Council.

NEW COUNCIL JOB?

Woman Probably Will be Assistant Secretary to City Fathers.

On account of the increase in the city business, entering around the City Council, the Councilmen yesterday informally agreed to create the position of assistant secretary to the Council, the place to pay \$140 a month. The new position probably will be filled by Mrs. Almira M. Ranger, formerly secretary in the Mayor's office at Minneapolis, now a resident of this city, living at 1437 Gordon street. The assistant secretary will take her residence on the west side, the testimony of J. J. McCormick's court of making a criminal assault.

The woman in the case was coming home from Long Beach about midnight when Norrington offered to take her to her residence on the west side, the testimony of J. J. McCormick's court of making a criminal assault.

STUDY ANOTHER VITAL PROBLEM.

Councilmen Fail to Decide Correct Hours for Washing of Buildings.

What are the correct hours to wash Los Angeles buildings? This is the problem the public safety committee of the City Council struggled with yesterday afternoon, and then laid over to tackle again next week. Owners of scores of downtown buildings hire professional washers to scrub the fronts of their establishments at night and to polish the windows. This job takes water. And the water drips on passersby, so it is said, and protests are made at the City Hall. As a result an ordinance is requested establishing official scrubbing hours.

The Councilmen were inclined to say that buildings can be scrubbed between midnight and 1 a.m., but then the scrubbing contractors howled protests and said that from 9 p.m. until 8 a.m. would be far better.

EBERLE MAY BE KEPT IN EAST.

(Continued from First Page.)

at San Francisco to be placed out of commission.

CAPTAIN RELIEVED.

Naval officers also are placing considerable significance in the order that has relieved Capt. George B. Landenberger from command of the scout cruiser Birmingham, flagship of the destroyer force at San Diego and which directs him to report for further orders at San Francisco.

Capt. Landenberger, it was said, was the subject of a court-martial aboard the New Mexico last summer, as a result of the Birmingham, ramming the destroyer Wainwright at San Diego last April. Rear-Admiral Henry A. Fields presided at the court.

The findings of the court were never made public by the Navy Department and considerable speculation developed among the officers of the fleet as to the outcome of Capt. Landenberger's trial. Whether or not the order depriving him of command of the Birmingham and sending him to San Francisco for further orders is the direct result of the findings of the court could not be learned.

COUNCILMEN ARE SHY IN POLICE ROW.

Sparks, Sanborn Probably Will Refuse Invitation to Defend Their Stand.

Councilmen Sparks and Sanborn, whose unexpected votes against Councilman Mushet's resolution defeated a plan to add 300 men to the police department immediately, announced yesterday that they had received the invitations of the Business Men's Co-operative Association to defend their votes, but both declined to state whether or not they will appear before the organization at its meeting next Tuesday.

"Why didn't the business men invite the members of the finance committee?" asked Councilman Sanborn. "Why ask me?"

Councilman Sparks said that he had not decided to accept or decline the invitation of the Business Men's Co-operative Association. The Councilmen appeared much perturbed because of the account given by Managing-Director Babcock of the Business Men's Co-operative Association of the meeting between Mr. Sparks and Mr. Babcock on the sidewalk of the City Hall, when Mr. Babcock took the Councilman to task for the latter's action in voting against the employment of 300 policemen.

"I was not excited when I talked to Mr. Babcock," said Councilman Sparks, "and it was not correct to say that we nearly came to blows." Mr. Babcock said yesterday: "I still insist the argument between Mr. Sparks and myself was a warm one."

From the attitude yesterday of Councilmen Sparks and Sanborn, it is believed that neither of them will accept the business men's invitation.

Wife Accused of Smoking is Divorce Winner.

Mrs. Emma D. Banbury, who had the unenviable record, according to her husband, Stanley E. Banbury, of smoking twenty-five cigarettes a day and flirting promiscuously, was granted a divorce in Judge Toland's court yesterday. Mr. Banbury, an importer of Oakland, did not appear or contest the case.

Mrs. Banbury's father, a physician, testified that he had prescribed a cigarette for his daughter after each meal, an old-fashioned remedy for stomach trouble. Both father and daughter denied that the latter had the cigarette habit. They also denied that she drank eighteen cups of coffee a day, as charged by Mr. Banbury.

Mrs. Banbury charged her husband with being jealous and having continually nagged her. The court allowed Mrs. Banbury \$50 a month alimony.

POLICEMAN IS LOSER.

Conviction on Charge of Assaulting Woman is Affirmed.

Department No. 1, District Court of Appeal, yesterday affirmed the judgment of conviction in the case of James M. Norrington, a former member of the city police force, who was convicted by Judge J. J. McCormick's court of making a criminal assault.

The woman in the case was coming home from Long Beach about midnight when Norrington offered to take her to her residence on the west side, the testimony of J. J. McCormick's court of making a criminal assault.

THEIR PANACEA IS BUILD MORE.
 General Contractors' Officials Address Meeting Here.
 Would Cut Unemployment by Increasing Construction.
 Say People Here Unaware of Real Conditions in East.
 "Construction" is the biggest word in the English language today, from the viewpoint of representatives of the Associated General Contractors of America, who discussed the subject of "Unemployment" before a representative gathering of citizens at the Jonathan Club last night.
 Addresses were delivered by W. O. Winston of Minneapolis, president of the association; Daniel A. Garber of New York, president of the Northeast Construction Company, who was the first president of the association; and by F. L. Cranford, who built most of the subway of New York, and who had charge of the construction of the government plant at Muscle Shoals.
 These, now at the Alexandria, are touring the country carrying a message of the reconstructive needs of the unemployment situation.
 WANT TO COME HERE.
 The purport of their remarks last night is that the West, and Los Angeles in particular, has no conception of the real seriousness of the unemployment conditions. "In the East, where thousands of men are sleeping in the public parks with a newspaper for a mattress and where plants are either closed or running at absolute minimum, the great cry is 'California.' It appears to be the hope of all of America to come here," said President Winston.
 Of course, from what we have seen here, we cannot blame them, or may feel the same way ourselves, but the vital issues of the situation call for careful consideration.
 The speakers made it clear that the solution of the problem rests with action in four major influences—finance, building materials, labor and transportation. Each topic was discussed and it was pointed out that only by general reductions and proportional allowances on the part of interests under each head can the situation be adjusted with any degree of speed or certainty.
 "The United States is \$20,000,000,000 behind in construction, due to the stoppage created by the World War and to the fact that finances have been steadily going into non-taxable government and municipal bonds until millions have been practically withdrawn from construction fields."
 MUST CUT PRICES.
 "Building materials touched the peak of prices during the war and there must be reduction along safe and sane lines before more serious conditions force the issue."
 "Labor must go back to prewar efficiency when a mason laid 1800 to 2000 brick in one day as against 500 that now represents the day at advanced scales of wages."
 "Transportation reaped the benefit of 50 per cent increases in rates placed on building materials as a war measure and these increases have never been withdrawn."
 These are some of the straight-to-the-point statements that constitute the burden of the meeting. The men who are nationally urging "production and reason" as the panacea of unemployment. They will be in the city today and leave tomorrow to continue the loop tour of the nation. E. J. Harding, assistant secretary of the association, is managing the itinerary.

Four Hundred Acres Swept by Canyon Blaze.
 Fire in Franklin Canyon in the Hollywood foothills yesterday destroyed 400 acres of timber, and a barn and seven horses, according to a report made by County Forester Fintham last night. The fire was declared under control late in the afternoon after having been fought by eighty men for the greater part of the day. The blaze centered near the city reservoir and power lines, but these were not threatened.
SAN JUAN BASIN'S SCENIC BEAUTY.
 Landscapes, Lakes, Laughing Waters Shown in "Times" Rotogravure.
 The Times' rotogravure next Sunday will show a series of beautiful photographs of the great San Juan Basin, a region rich in scenic beauty, huge mineral resources, and ample water for irrigation, power purposes and domestic needs. It is proposed to connect this territory and its teeming resources with Los Angeles by the building of a railroad from the Santa Fe main line to Farmington, N. M. The opening up of this district will provide what many believe will be a great wheat-growing area sufficient for all the needs of the West.
 There will be a full page of photographs showing the work of some of Southern California's outstanding sculptors. The sightseeing trip will take our readers to that rich inland valley section where nestle the towns of Hemet, Ferris and San Jacinto.
 There will be a page of photographs showing the method employed by motion-picture producers to superimpose living figures on painted backgrounds for the securing of stage effects.
 Peggy Hamilton's fashion page will show the latest word in women's modes for the early winter season.
 Camera flashes will give in detail a wealth of pictorial news dealing with persons, places and events all over the world.

CALIFORNIA MAY SIDESTEP THE EAST-VERSUS-WEST PIGSKIN STRUGGLE.

REFUSAL OF NEW YEAR'S MIX WOULD HURT SMITH.

"Gals" Money Not Only Angle to the Pasadena Grid Classic; Bears Won Prestige There.

BY HARRY A. WILLIAMS.
Reports that Andy Smith, coach of the University of California, might refuse to bring his "wonder team" to Pasadena for the annual football classic on New Year's, do not come as a surprise and are not apparently without a degree of confirmation. That he has been ruminating to this effect for some time, and very recently the writer had a tip from a San Francisco business man to the effect that Smith would, if permitted by the university, pass up the Pasadena event and endeavor to arrange a game with some eastern eleven to be played in the north.

HOOP BOYS FEEL ITCH FOR FRAY.

Sagehen Shooters Getting Excited Over Approach of the Basketball Season.

(SPECIAL CORRESPONDENCE.)
CLAREMONT, Nov. 7.—With the close of Pomona College's football season less than two weeks distant, the Sage Hen basketball artists are beginning to take a new interest in life, hoping that the first turnout will soon be announced. According to present plans there will be no official turnout until after the Occidental game which comes November 19. Some of the men will undoubtedly be out before this date.
Pomona's chances for a good team appear bright. Of last year's team Captain-elect Braven Dyer, ex-Capt. Alonzo Taylor, ex-Capt. Chauncey Fournier, and De Forrest Home are again on deck for operations. In addition to these lettermen there are five other good players who will be out. They are Brainerd Dyer, Lynn Reid, Clint Wilmes, Herb Hempel and Ray Fisher. With the exception of Fisher, who was a new man last year, and consequently ineligible, the above named athletes were capable of the best.

The death, last spring of Atherton Cliff, and the loss of Macy Chambers, through withdrawal from the squad, however, Cliff was a star guard, while Chambers was also a letterman, playing at center through most of the season.
Several members of last year's freshman squad promise to give some of the boys a run for their berth. Among these are Gregory, Rall, Hildreth, Litchfield, Shaw, Nelson, and Rojas. The last four named look like the best possibilities for variety material.

PRIZE TO HAVELOCK.
(BY A. P. NIGHT WRITER.)
PORTLAND (Or.) Nov. 7.—Continued championship. Furthermore entering at the Pacific International Live Stock Exposition was today awarded to Havelock, 4764, a California entry by A. C. Haley from the Santa Rosa stock farm.

BOXER CLASHES WITH SLUGGER.

Duffy and Trambitis to Hook Up at Doyle's.

Portlander Has Won Twelve Straight Bouts.

Good Card of Seven Set-tos on Tap Tonight.

After a long stage of main events between little fellows, the waiters will step into the limelight at the Vernon arena tonight when Alex Trambitis of Portland meets Jimmy Duffy of Oakland in the main go for the weekly boxing show at Doyle's. Trambitis boxed a number of bouts at Vernon a year or more ago and had little trouble winning a majority of his starts. He boxed well, but failed to check a wallop. Now he claims to have discovered how to hit and expects to cause a lot of trouble. That he is going good is evidenced by the fact that he won twelve straight bouts in the

No Massacre This Year.

Jack Duffin, and Capt. Searles, fullback.

Army Heroes Who Expect to Riddle the Navy Goat in Armistice Day Game at Pasadena. When the Navy slaughtered a makeshift Army eleven 134 to 9 in the holiday bill in 1920 a lot of folks, disgusted with the exhibition, cried for the blood of those responsible for the affair. But the Army authorities of the western division went to work, recruited some real football players, took them to Camp Lewis and trained them all fall for the 1921 bout with the Navy. The Army has played some regular football teams this year, beating the Olympic Club in San Francisco recently and hopes to take the scalp of the Pacific Fleet boys on Friday. Some of their stars and coaches are seen above.

TROJANS ARE HOME AGAIN.

Co-eds Cheer U.S.C. Football Warriors at Station; Army-Navy Game on Tapis This Week.

BY PAUL LOWRY.

East and South before arriving here a week ago. Duffy is a scientific boxer and only a fair hitter. He has beaten most of the good waterweights on the Coast and should prove a good match for the Portland boxer.

Ray Rose, a Portland bantamweight, will make his first Vernon start when he meets Danny Edwards in the semi-final. Edwards put up a great bout with Ad Rubidoux last week and Rose is said to be a fair boxer and a good puncher. Jake Stahl and Bud Soules, who put up one of the toughest bouts on the card last Tuesday night, are billed for a rematch that promises a lot of slugging.

ALDRICH IS NAMED INDIVIDUAL SCORER.

(BY A. P. NIGHT WRITER.)
NEW YORK, Nov. 7.—Capt. Aldrich of Yale has taken first position in individual scoring in major college football, scoring Capt. Robertson of Dartmouth. Aldrich has scored 78 points, and Robertson 67.

WASHBURN TO PARK RACKET.

(BY A. P. NIGHT WRITER.)
NEW YORK, Nov. 7.—Watson M. Washburn, for several years one of the nation's ranking tennis players and a member of the last American Davis cup team, will leave New York this week to take up duties as assistant to the Undersecretary of the Treasury. He said today he probably would not be able to take part in the big tournament next year.

The members of U.S.C.'s game, his defeated, football team arrived in Los Angeles yesterday morning. They were met at the station by a loyal group of co-eds, who cheered them to the echo. Nothing like a woman's sympathy to cheer you up when you're feeling blue. The boys got a real thrill out of it. It made them feel the school was behind them in defeat as well as in victory.

The Trojans came out of the game in good shape considering the wear and tear they went through. Charley Dean is the lone exception. He started against California in poor physical shape. A hard cold, which had lasted for two weeks, sapped his strength, and Coach Henderson had to take him out in the third quarter. The doctor put him to bed yesterday, and he'll probably be there for several days.

Big John Boyle, who outshone any lineman on either the U.S.C. or California team, was greeted by his father and mother. It was a proud look they gave their sturdy son.

Gloomy Henderson ordered no practice for the boys until today, when he will start working the kinks out of their systems for the fray with Whittier one week from Saturday. This holds promise of much excitement, and Henderson doesn't propose to pass over the Quaker game without a thought.

Coming back on the train from Berkeley the boys organized a Dumb-bell Society with half a dozen charter members. James Smith was unanimously elected president, with "Catherine" Kincaid and "Frances" Lockett as vice-presidents. Gordon Campbell collected initial dues. Several qualified for immediate membership, but Glenn Whittle took the prize. He was voted to be more of a dumb-bell than any ten men in the car, and was allowed to contribute fifty cents to the treasury. The boys had a lot of fun out of it and a meeting of the society is expected in the near future to consider ways and means of spending the dough on hand.

With the U.S.C.-California game out of the way Southern California football fans' attention will be turned to the game here yesterday. His neck was broken when he tackled an opposing player.

GRINDER KILLED.
(BY A. P. NIGHT WRITER.)
TOLEDO (O.) Nov. 7.—Carlton Mannaback, 17, fullback on a local football team, was killed almost instantly during a game here yesterday. His neck was broken when he tackled an opposing player.

GRINDER KILLED.
(BY A. P. NIGHT WRITER.)
TOLEDO (O.) Nov. 7.—Carlton Mannaback, 17, fullback on a local football team, was killed almost instantly during a game here yesterday. His neck was broken when he tackled an opposing player.

GRINDER KILLED.

TOLEDO (O.) Nov. 7.—Carlton Mannaback, 17, fullback on a local football team, was killed almost instantly during a game here yesterday. His neck was broken when he tackled an opposing player.

VERNON BOXERS KNOW LITTLE ABOUT DEFENSE.

Pugs Have No Ability Whatever and Constantly Clinch; Referee is Totally Incompetent.

BY DE WITT VAN COTT.

Last week I was requested to visit the Vernon and Hollywood boxing clubs and give an unbiased opinion of the four-round game and the work of the boxers in particular. A very disappointing and unpleasant job, I assure you. Disappointing because I found nothing interesting to write about, and unpleasant because I do not care to be placed in the knoekers class. I have made my living as an instructor too long for that, and am still interested in seeing it placed on and given a much higher standard.

SHOW NO SKILL.
But there is no use kidding ourselves that the boxers, as they are

a little publicity, the case would have been well pleased that they had received something they paid for. Another blow about boxing, but they happened to be well matched and hit good, clean, hard punches that could be plainly seen by all, and the eternal holding and clinching of the others was happily absent. The crowd never seemed to realize that the contest went through from beginning to end, just as it is with all the rest of the acts in each round.

ARE FORTUNATE.
These boys are fortunate indeed that they have not been training with any of our champion clinicians, or have been advised by any of our four-round managers, who insist on these things.

There was much of a sameness in the remaining bouts, which consisted principally of holding and clinching, wild circling and dodging. They would attempt to hit each other, then immediately fall into a clinch and remain there to see who could get the best armlock on the other, then pull and tug until separated by the referee.

The crowd would often yell for the referee to throw them out. But he would simply say, "Step back, step back." He should have said, "step out of the ring and stay out until you can learn to try to box without holding or clinching."

SOME CLINCHING.
During one of the bouts, the contestants went into seventy-four clinches during their four rounds. After the third clinch, one of the boys was warned by the referee for holding. But the contest continued, with his holding and clinching for forty-four more times, with forty-four more orders from the referee to step back.

Why should we blame the boxer when each week-kneed and incompetent referee are allowed to officiate?

This same boxer became so indignant at the orders of the referee that he has since left town with the same manager. The boxing fans of Los Angeles want nothing but slugging to satisfy them and he never will appear here again. What a terrible loss to the boxing game. Another of the highly advertised clever fellows.

CRAWL SPOKE.
Another bout brought out seventy clinches in four rounds. One of these fellows has been in many recalled boxing contests; during the past five years, but in his attempt to hit his opponent he gave a good exhibition of one of Fred Cody's swimmers learning the crawl stroke in the Athletic Club swimming pool.

During the evening there were 215 clinches by actual count. Allowed.

(Continued on Third Page.)

COAST LEAGUE MEETS TODAY.

Baseball Body to Convene in Annual Confab.

Rumor Has It Langer Season Will be Cordial.

San Diego and Fresno to Bid for Franchises.

Directors of the Pacific Coast League will gather here today for their annual meeting. Billy Hunter of San Diego will make a bid for a franchise in the circuit, and it is probable that Fresno will come through with a similar proposition. However, there is considerable opposition to dropping Salt Lake from the circuit.

LONGER SEASON.
A committee will be appointed to draw up a schedule for 1922, and it is rumored as likely that this will provide for a longer season. Because of the winter league has convinced the managers that a longer season would prove profitable. In fact, one has declared that thirty-six weeks would be the ideal season. They stated, however, to the would be weaker conditions in Portland and Seattle, where the summer and fall rains are rather copious. A schedule enabling these clubs to play the last month of the season would be a great improvement.

Whether there will be any suggestion of the sale of the Portland club to Klepper, formerly of Seattle, is problematical. George Fournier, manager of the San Francisco club, says it was a bone-side sale.

BILL BOYS BLOCK.
Bill Kaverer, who went with Klepper from Seattle to Portland, is known as having expressed a willingness to put \$25,000 of his own money in the venture, and he has been to have purchased a large stock of Portland stock.

There may be a trade or two during the meeting, but both Kaverer and Klepper say they expect to make no decision prior to the next league session in December.

HOWES VICE-PREXY OF VALLEY LEAGUE.

Frank Howes, who kicked the W. U. boys at Washington Park before they were passed along to Charley Lynch, has been named as a vice-president of the Valley Winter League. Howes is vice-president of the Valley Winter League, with H. M. Kelly, of St. Charles, president, and H. P. Fournier, California secretary. George Cronin and Lockett, recruited from the Coast League, are with the California team. The season of the club are depending on home-brewed talent. Mr. Howes likes his job because he gets frequent calls from him to kick.

FLASHES.

IT'S BRILLIANT.

ORPHEUM BILL SPARKLES WITH CLEVER ARTISTRY.

By Grace Kingsley.

It's a high-power vaudeville bill this week at the Orpheum, without a single fliv showing anywhere along the coast.

Now that everybody dances, everybody has become a critic on the dancing stuff. The Caninos, brother and sister, are a little proof. King Alfonso of Spain once said so, and then they came over seas to prove it to the United States.

On that first trip they were perfect technically, but their clothes were a bit quaint and outlandish, according to American ideas. They seem a little thing, clothes, but they probably make at least a part of the difference between the headline spot and opening or closing.

These amazingly brilliant artists danced their way back to New York, where they were at once grabbed off by the Folies. There they were groomed into New York's idea of smart, form, and artistic presentation of dances, and adapting their native stepping to our livelier jazz.

Now they present a composite performance which brings forth all the manual work the audience is capable of, as well as a little artistic appreciation on the part of the discriminating.

Technique alone is not the only distinguishing quality of these dancers; their work is characterized by dramatic quality, a tempering of treatment to subject, a subtle conveying of mood and feeling, differing with each dance. And there is still pristine appeal, as well as artistic finish to their folk dances.

There have been rubes and rubes, but the clever characteristics of Harry J. Conley, as a sort of rural Chimmie Fadden, son of the hay-and-grain dealer, for all its knock-out, happy-go-lucky quality, is a real achievement in originality and humor.

Naomi Ray has a pleasing way with her, and the tenor of the two is easy and charming. The act is nicely staged.

There's not a blue note, either, even in the wind-up. The device of the motorcycle is supposed to indicate the course of the lovers up to the scenic church, then home. When the upper window curtains are finally drawn, this seems too naive after a sweet love scene to give off the effect.

She's not too high brow for the low brow, nor too low brow for the high brow, but just right, and exceedingly easy on the eyes. In Marjorie BarracloUGH, the actress on the "steps," though he does put over his songs well and gives every ounce of himself to the act.

There was a slight, cerulean tinge to the songs.

Don't miss the Gellis, French tumbler and humorist, with the clever dwarf who assists them. They close the bill, but if you don't stay to see them you're cheating yourself.

Met Kise hide the other acts from the vantage point of seat to close, and corners the laughs, putting his stuff over easily and naturally. He's not Chinese.

George and May La Ferre open the bill in a sparkling set, and while they don't contribute anything startling to the art of dancing, they're full of pep, and good to look at. Carlyle Blackwell continues to hit a high spot in the crowd's favor with his playlet.

Important announcements regarding the change of ownership of the Brunton studio interest was made yesterday by Robert Brunton in a statement in which Mr. Brunton lets it be known he has disposed of said interests to eastern capitalists. He is doing this in order to devote his entire energy to picture production, probably in Europe.

"I am today in receipt of advice from New York announcing the purchase by eastern interests of my entire holdings in the Robert Brunton studio. This means that the control of the plant now bearing my name will pass to a new element in motion-picture production in Southern California, and I will shortly sever my connection with them, and settlement which I started here a little more than three years ago.

The purchasers are a syndicate of well-known eastern producers and with their assumption of control of the Brunton studios will follow the transfer of their extensive production activities from New York and the East to Southern California.

"From eight to ten companies, all of which have confined their production efforts to the East will soon be added to the southern making pictures in Los Angeles. This transfer will mean the expenditure of some millions of dollars here each year.

"For some time it has been my desire to devote my energies to the actual production of pictures. But the supervision of an extensive plant as the Brunton studios required my efforts in the making of pictures in England and on the continent. Mr. Brunton will not, however, sever relations with American production.

"One of my ideas is to arrange," said Mr. Brunton, "for picture making on such an extensive scale under my supervision as to admit of the various producing units being interchangeable between this country and abroad."

As soon as the Brunton transfer is completed, Mr. Brunton plans a visit to New York and London to arrange for production on an extensive scale. He has under consideration a proposition to establish a big studio in the general vicinity of London for the purpose of making pictures in England and on the continent. Mr. Brunton will not, however, sever relations with American production.

"Camille," which entered its second week at the California Theater yesterday, evinces a technique and emotional quality that is big and extraordinary.

Nazimova has evolved a unique interpretation of the character of Camille, with charm and power. She plays the fascinating woman of the underworld, whom the love of Armand, the law student played by Rudolph Valentino, lifts to heights of devotion and sacrifice, and who returns to the underworld, putting her life up to the last, and the crowd which filled it to the last seat of the 9,000 capacity, in fact, incidents twice as big as the first, and including the great fight scene.

Melodrama and Smiles at Pantages.

Leading off with a melodramatic photoplay and ending with an exceptionally good light-wire act, the bill at Pantages this week covers a lot of territory, and is a nicely balanced mixture of thrills and smiles.

"Pilgrims of the Night" is an international crook play that gives Lewis Stone, Rubye De Remer and William V. Mong unlimited opportunities, most of which they take advantage of.

Mong as the humpbacked French organ-grinder, Ambrose, is particularly productive of emotion. His death with the pet monkey that has been his companion for years clambering over his distorted shoulders and trying to awaken him by licking his face, ought to move a heart of reinforced concrete.

Then comes a canine acrobat under the charge of Paul Rydell. We get these in the order because the dog really is the star performer, and there is no reason why the master who trained him should be shy of giving him credit.

The "Bandit" is Mexican melodrama—a one-act playlet with much weeping of six-shooters and crying for revenge. If one could hear more of the bandit's unapologetic long speeches, the thing and live. The rest is funny and at times dramatic.

The principal fault of the film is that the subtitles which represent the highbrow's conversation are exaggerated out of all semblance to nature. No one could talk like that and live. The rest is funny and at times dramatic.

Woman Hater is Tamed in Clean Comedy

A comedy for the most part unusually clean-cut and free from slapstick effects is "Nobody's Fool," the photoplay featuring Marie Prevost and Harry Myers, which is the chief attraction at the Superior Theater this week.

First we see Marie Prevost as a dowdy "grind," whose aunt is paying her tuition—and little else—at a coeducational college. The social whirl passes her by, she is only invited to a dance because taking her is one of the ordeals imposed upon an aspirant to the college's most exclusive fraternity.

But then her aunt dies, leaving her a large fortune, and she becomes popular very suddenly. To escape from her many admirers, whose sincerity she sees every reason to question, she runs away to a friend's cabin in the Sierras. Here she finds a highbrow writer and woman hater who has also fled from the world.

He takes her for the wife of the owner of the cabin and there are amusing complications. Finally an old suitor follows her, and in protecting her from this man's advances she is badly damaged. The owner and his wife arrive in time; explanations are made, and the last faded-out shows the woman hater fallen from grace.

What Women Are Doing in Widening Fields of New Endeavor.

EBELL TO HAVE NEW CLUB SITE.

Only One Vote Heard Against Moving from Figueroa.

Several Lots Considered for Costly New Building.

Women's Committee Prepares for Red Cross Work.

BY MYRA NYE.

The Ebell Club. One faint, long-continued negative vote coming from the obscurity of the shadowy spaces under the gallery in the Ebell Clubhouse late yesterday afternoon destroyed the unanimity of the vote of the club in favor of buying a lot in another part of the city in preference to the present site on Figueroa near Eighteenth street.

"We must not become hysterical over this subject," said Mrs. Josiah Evans Cowles speaking to the motion picture of the board of directors to buy with the executive body and the past presidents acting as an advisory body. Her advice was needed for it was apparent that in spite of the vote the sentiment of the club was not unanimous. There was considerable vagueness as to what the motion would mean; compulsory moving of the club, a selling of the present property or the wrecking of the present clubhouse that has been outgrown in the last fifteen years.

Mrs. Charles H. Toll, president of the club, presented three propositions which she said she had formulated with the help of a man who is head of the loan department in one of the largest banks in the city. She had known him so long, she stated, she felt that she could depend upon the sincerity of his advice. Everyone laughed, knowing she referred to her husband, Charles H. Toll, vice-president of the Security Trust and Savings Bank.

The three propositions were purely financial in character and concerned the various sums of money that might be raised on property owned by the club to the amount of \$200,000. Mrs. Toll said would be the least sum of money used for building and might be available to expend in the neighborhood of \$200,000.

That among fifteen offers of beautiful lots made to her for the club, Mrs. Toll said prices ranged from \$22,000 to \$150,000, the latter being too high to consider. She told of the one \$142,150 lot, overlooking Lafayette Park, which is still held for the club at the original price of \$95,000 although since the announcement that Ebell would build other lots adjoining have advanced \$45,000. There were three lots on Wilshire Boulevard which would be considered, she stated.

Prof. Anthony Fairfax Banks of U.S.C. read the play of Dr. and Mrs. Allison Gaw entitled "Pharaoh's Daughter," recently purchased by Margaret Austin. The drama is powerful and full of a rare poetic beauty. It held the

Sparkling Spangles.

The foundation of this evening gown is of black satin, while over it is worn a robe of blue spangles. The sign of the bottom of the robe is scalloped and the tiny points reach a trifle below the hem.

close attention of the crowded house.

Mrs. Hancecock Banning, chairman of the women's committee of the fifth annual Red Cross roll, which will be held from Armistice Day to Thanksgiving Day, yesterday announced the composition of the various committees which will have the conduct of the women's activities proceeding out of their headquarters at 221 West Seventh street.

Working in association with Mrs. Banning and the general officers will be the following heads of divisions: City, Mrs. A. M. Marsh; Junior, Mrs. H. Knepp; Mother's Educational Center, Mrs. Benjamin Goldman; Miss Jane C. Humphreys; Miss Ida Christine Iverson; Mrs. Charles J. Iverson; Mrs. Julia Kauffman; Mrs. Andrew S. Lobinger; Mrs. E. Avery McCarthy; Mrs. H. J. McGarry; Mrs. D. C. MacWaters; Mrs. W. E. Mahan; Mrs. A. M. Marsh; Mrs. Dean Mason; Dr. Dorothea Moore; Mrs. Hansen Moore; Mrs. E. Nafziger; Mrs. Julia D. Noble; Mrs. Eugene Overton; Mrs. Force Parker; Mrs. Lee A. Phillips; Mrs. Frank Ryan; Mrs. J. F. Sartori; Mrs. E. D. Shepherd; Mrs. Ros. Smith; Mrs. O. M. Rouden; Mrs. Clinton N. Sterry; Mrs. Samuel Storrow; Mrs. Charles H. Toll; Mrs. H. T. Tolhurst; Mrs. Georgina S. Townsend; Mrs. John C. Uquhart; Mrs. W. J. Van Valkenburgh; Mrs. Anna M. Valentine; Miss Carolyn Van Dyke; Mrs. J. J. A. Van Kaathoven; Mrs. Robert H. Weed; Mrs. O. C. Weillier; Mrs. D. C. Workman; Mrs. H. B. Wren; Mrs. Arthur Wright; Mrs. William Le Moyne; Mrs. Sydney L. Wallis and Mrs. O. P. Warner.

Although Mrs. Banning has received enrollments for service during the period of the roll call from a number of women associated with her in war time, she says she still needs more volunteers. Those who give their services are asked to assist in obtaining new Red Cross members. There are no other activities during the roll call. Those willing to serve should report immediately at the women's committee headquarters, 221 West Seventh street, telephone Pico 4294.

Mother's Educational Center. An opportunity for those who believe in education as a factor in saving the lives of children and reducing crime is given this week in the annual drive for memberships of the Mothers Educational Center Association which began yesterday.

The association is enlarging its work through the creation of two more departments of service for the children; the correction of growth handicap and the conservation of vision. Examinations have shown that a large number of children between the ages of 4 and 15 are developing as they should due to malnutrition in infancy. These defects are evidenced by underweight, poor muscles, curved spines, bowed legs and flat feet. If taken at the proper time these may be corrected through proper diet and exercise.

Mrs. A. R. Condit is chairman and Dr. Everett C. Beach is director at the branch, 229 South Bonnie Brae street where each child is given a complete examination and his diet, gymnastic exercises and play activity prescribed to fit his individual need.

The memberships are \$1.45 and \$1.15. Further information concerning the drive may be secured from Dr. Maud Wilde at the Chamber of Commerce. Dr. Wilde is president of the association.

Harrowing. "Would you advise me to cultivate my voice?" asked Miss Brecchum. "I certainly would," replied Mr. Blunt, "and I'd plant it deep."

SOCIETY.

BY VIRGINIA WOODS.

Distinguished Personnel.

At the armistice dinner-dance at which Mr. and Mrs. John B. Coulton of Pasadena are to entertain Friday evening, there is to be a company of notables. They are Rear-Admiral Hutchinson, chief of staff to Admiral Eberle, and Mrs. staff of Admiral Eberle, and Mrs. Shoemaker, Capt. and Mrs. W. H. Standley, Col. H. J. Hatch, Capt. and Mrs. Amos Bronson, Maj. Gen. and Mrs. William M. Wright of the Presidio; Brig. Gen. and Mrs. James Brailford Erwin, Col. and Mrs. T. A. Baldwin, Jr., Maj. and Mrs. George H. Peabody, Gov. and Mrs. Stephens, Maj. Gen. and Mrs. W. A. Kobbe, Adjt. Earl S. Messer, Mrs. Robert J. Burdette, Commander Alton B. Eddy, Mrs. George Patton, Mrs. Albert Sherman Hoyt, Maj. and Mrs. H. L. Thompson, Miss Hazel Wakefield, Mr. and Mrs. Jonathan S. Dedee, and Mrs. Henrietta Hedden. The dinner and ball will follow the football game between the Pacific Fleet gridiron stars and the Western Division of the Army.

Harlequin Theatre Parties.

The Little Harlequin Theatre at the Ambassador opened with a distinguished audience which assembled there after many dinner parties. Mr. and Mrs. William May Garland, Mr. and Mrs. Joseph Francis Sartori, Mr. and Mrs. Edward S. Rowley, Mr. and Mrs. Rupert Hughes, Mr. and Mrs. Thompson Buchanan and Mr. and Mrs. Hansen Moore were among those who entertained at dinner and theater parties.

At Bridge Dinner.

Mr. and Mrs. Jack V. Rittenhouse of Del Monte, were hosts last evening at a dinner and bridge party at the Ambassador.

At one big table centered with dahlias and chrysanthemums there were places for Mr. and Mrs. W. E. Harker, Mr. and Mrs. Frank Thomas, Mr. and Mrs. Leonard Haynes, Mr. and Mrs. William J. Karmel, Mr. and Mrs. Everett H. Seaver, Mr. and Mrs. Willard H. Doran, Mrs. Charles H. Sharp, Mrs. Jano Stein, Mr. and Mrs. Nelson Howard, Mr. and Mrs. Frank Allen, Mr. and Mrs. William M. Armstrong, Miss Emelein Childs, Mrs. C. M. McDonald, Miss Katherine Mellus, Charles Flynn, Ferdinand R.

At a dinner given on board the U.S.S. California on Friday evening, announcement was made of the en-

gagement and approaching marriage of Miss Jewell Ridings to Capt. Henry J. Ziegenfuss, U.S.N., commanding the U.S.S. California. The wedding will take place in Los Angeles on the 16th inst.

Studio Bridge Party.

George Cole and Mrs. Samuel Brown Thomas entertained Friday evening at a studio bridge party, the guests viewing his latest landscape paintings made while in Arizona. There were fifteen guests.

Returns from East.

Mrs. Blanche Colwell has returned from an extended trip to New York, Long Island and Maine. In Portland, Me., she visited her son-in-law and daughter, Mr. and Mrs. Stanley Wood (Constance Colwell), who have an infant daughter. Mrs. Colwell is now with Mrs. Philip Reed, another daughter who is waiting until her new home, Miramonte, on Old Mill Road, San Marino, is completed, where she is anticipating many happy gatherings.

In New Home.

Maj. and Mrs. Edward D. Ardery have leased a home at 294 South Euclid avenue, Pasadena, to which they have moved.

Motor Trip.

Mr. and Mrs. Carlos Hardy have returned from a three weeks' motor trip to Sacramento, Stockton and San Francisco.

After-Dinner Tricks.

EXPRESS WINS POINT.

Newspaper Sued for Libel by Ku Klux Klan Gains Time.

At the preliminary hearing of the \$150,000 libel suit of the Knights of the Ku Klux Klan against the Evening Express company in Judge Burns' court yesterday Attorney Duke Stone for the Klan and Attorney Anderson and Anderson for the Express stipulated that the demurrer of the newspaper to the complaint should be sustained with leave to amend and that it have ten days in which to file its answer to the charges.

This places the suit in a position to be tried on its merits.

The Klan asserts it is libeled when the Express published a number of dispatches describing the activities of disguised riders in the South and Southwest.

INTEREST CENTERS IN QUEEN CONTEST.

FOUR CANDIDATES WORK HARD FOR HONORS AT BIG LEGION CARNIVAL.

GLENDALF, Nov. 7.—With the queen contest narrowed down from thirteen contestants to four leaders, the Armistice Week Carnival staged by the Glendale Post of the American Legion opened here tonight.

The contest closes Wednesday night and Viola Torba, Mrs. Warren Roberts, Winifred Sternberg and Dorothy Morten are bitterly battling it out for first place.

Tonight the carnival will be attended by the Tuesday Afternoon Club; tomorrow night will be queen's night; Thursday will be attended by the Thursday Morning Club; Friday by the Klans and Saturday night by the Klans.

Terrible Injury.

Heavy Tombstone Falls on Los Angeles Transfer Man.

LOS ANGELES HARBOR, Nov. 7.—R. D. Stockstill of Los Angeles, who conducts a transfer business at 221 Stephenson avenue, was seriously and perhaps fatally injured this afternoon when he was attempting to convey a tombstone weighing more than half a ton from the pier shed to his truck.

While hauling the stone on a hand truck a small obstruction in the floor caused it to fall, crushing Mr. Stockstill under its weight. He was taken to Seaside Hospital, where an X-ray examination revealed the fact that he had suffered a broken vertebra and had lost the use of his limbs from the waist down.

YOUTHS TO FACE MURDER CHARGE.

SANTA ANA, Nov. 7.—With their case remanded back to the justice court from the juvenile court because of the magnitude of the charge against them, Robert Rosen, 15, and Charles Kennedy, 14, were arraigned this morning.

The Peace J. B. Cox read a complaint against the boys charging them with murder in connection with the killing of Mrs. Anna May Ricketts at Seal Beach on Tuesday of last week.

Preliminary examination was set for December 1. The boys are being held in the County Jail without bail.

NAB MAN, WIFE, DRUGS.

Officers in Raid on Home of Pair Long Suspected, Got Narcotics.

Raiding an establishment at 542 South Central avenue yesterday morning, Police Detectives Matheson and Yarrow and State Inspector Peoples arrested Arthur Ellis, alias Faine, and his wife, Frances Ellis, and seized about four ounces of morphine and cocaine. According to the raiding officers, Ellis and his wife have been under suspicion for some time as drug peddlers.

LEGION POST TO BE HOST TO GOVERNOR.

PORTERVILLE, Nov. 7.—Gov. William D. Stephens will be honor guest of Porterville Post No. 26, American Legion, Wednesday night at a public reception given at Holston's pavilion according to an announcement by Dr. C. E. Collins, commander of the local post.

Members of the ladies auxiliary will assist the ex-service men. Gov. Stephens will be the house guest, over night, of Mr. and Mrs. V. E. Phillips old and personal friends.

ILLNESS FATAL TO WHITTIER YOUTH.

WHITTIER, Nov. 7.—Complications incident to throat and lung trouble caused the death of Samuel T. Coffin, aged 15 years, at the home of his parents in Whittier late this afternoon.

The boy, a son of Dr. and Mrs. William V. Coffin, a grandson of Mrs. Mary Coffin, centenarian, of this city, has been ill since last June, when he was returned from a boarding school at West Town, near Philadelphia, where he was preparing for college. After returning home he developed pneumonia and other complications which caused his death.

Funeral arrangements will not be announced until word is received from his sister, Miss Mary, who is a teacher in Penn College, of California, Iowa.

SANTA ANA LICENSES.

SANTA ANA, Nov. 7.—Lee Hutchinson, 32, Ethel Brownlow, 21, both Santa Ana; Glen Leach, 21, San Pedro; Veral P. McCray, 18, Long Beach; Russell M. Vogel, 21, San Pedro; Margaret M. Mitchell, Long Beach; Luther W. Perry, 21, Bakersfield; Anna Della Bogus, 21, Meriden, Conn.; Robert H. Menzies, 31, Helen H. Wall, 18, both Los Angeles; Dick Austin, 42, San Pedro; Anna Hicks, 48, Long Beach; Carlisle R. Robinson, 34, Santa Ana; Allen, 21, both Los Angeles; Harry A. Casanberry, 23, San Francisco; Emilio Verdugo, 18, Laguna Beach; Peter J. Welland, 24, High Grove; Edwina L. Foteet, 20, Riverside; Bruce A. Robertson, 22, May E. Waterbury, 40, both Los Angeles.

STORY OF OLD CRIME IS REVIVED.

Finding of Human Bones in Secos Canyon Starts Officials on the Hunt.

LOCAL CORRESPONDENT.

SANTA MONICA, Nov. 7.—Excitement has been aroused here by the announced discovery of several human bones forming parts of a human skeleton. The find was made at Secos Canyon, twenty-five miles above the Rindge ranch gate, and near the seashore, on the new Malibu road, by G. A. Martin of 1242 Sixteenth street, Santa Monica.

Martin reported to the police, who in turn notified the Sheriff's office in Los Angeles. Deputy Sheriff Fox and Detective William Sandlin accompanied Martin today for further investigation. The forearm bones found were partly buried, and it is believed that a little digging may uncover a complete skeleton.

The discovery is called to mind the disappearance of one Hoffman several years ago, although nobody can remember the exact time or full details. Hoffman, a saddle horse was found riding, but Hoffman was never located, dead or alive. The bones found were rumormongers of threats, and certain ranchers were under observation.

One of these died, and it was said that he made a death-bed confession, but there is no official record of anything of the kind.

The point at which the new discovery was made is many miles from any of the old Indian burying grounds, and it is not believed that it has any connection with these, which from time to time have created unnecessary excitement.

Cut cost of living next two or three months. Special rates. Merritt Jones Hotel, Ocean Park.—[Advertisement.]

TO CELEBRATE AT LONG BEACH.

Army and Navy Represented in Armistice Day Parade.

Telephone Count Shows Fast Growing City.

Officers Advocate New Traffic Regulations.

LONG BEACH, Nov. 7.—Under the direction of the local post of American Legion, elaborate plans for the observance of Armistice Day in this city are being completed. Patriotic and civic organizations, naval and military forces, representative clubs and societies and individuals will unite in the celebration of the third anniversary of the signing of the armistice.

Long Beach is the only city in Southern California to which military or naval forces have been delegated to participate in the Armistice Day observance. There will be units from Fort MacArthur and the San Pedro sub base which also represent the Sons of Veterans.

Two companies with band and colors and full armament will come from Fort MacArthur. The Long Beach men who served in the World War and the wars that preceded, will form the central unit of the parade.

Boys of the World War veterans will wear their uniforms, but a large number will be in civilian clothes. The G.A.R. representatives will have one of the posts of honor and there will be delegations from the Spanish American War Veterans' organization. The Veterans of Foreign Wars, Allied Soldiers of Veterans, the various organizations of women affiliated with these orders will have a prominent part in the procession.

The municipal band will appear in the parade, together with delegations of municipal authorities.

LONG BEACH GROWS.

Long Beach today has an actual resident population of more than 75,000 and in another year will have more than 100,000, according to San Mateo, manager of the Associated Telephone Company. The estimate is made on a plan of reckoning throughout the United States, on a basis that there are fifteen actual residents to each telephone instrument. There are now more than 11,000 phones in Long Beach and the present increase is at the rate of \$60 a month.

NEW TRAFFIC LAW.

Traffic will be required to slow down to four miles an hour when crossing main arteries in this city if the Council adopts the recommendations of the police department. The proposed ordinance provides that the precaution must be observed by all vehicles as they approach Pine avenue, American avenue, Atlantic avenue, Ocean Boulevard, Fourth street and Anaheim street. A suggestion that Seventh street be added to the list is now being considered.

Solve high cost of living. Special rates two or three months. Merritt Jones Hotel, Ocean Park.—[Advertisement.]

GOVERNOR TO SPEAK.

SAN DIEGO, Nov. 7.—Gov. William D. Stephens will view the big Armistice parade here Friday from a special float, in company with members of the staff of the Army, Navy and Marine establishments of the city.

He will deliver the principal address of the day at the organ pavilion in Balboa Park. Major John L. Bacon will act as grand marshal of the parade.

Serve Sardines For Dinner
A Big Meal for 20c
Every-day Sardines
So appetizing! Real sardines full-grown and full flavored. Fried to a turn and put up in the most delicious sauce any chef could prepare. They make you hungry, then satisfy the hunger. A pound tin contains enough for a family meal—Such a generous quantity of well-cooked nourishing food at such a low price.
ORDER EVERY-DAY TO-DAY
and try them this way
Open a can of EVERY-DAY Sardines in Tomato Sauce. Drain sardines into a colander, wash with cold water, drain again. Cover with hot buttered toast. Arrange the sardines attractively on the toast and pour enough sauce over each portion to partially cover. Add ground Celery Seeds. Let this cook in a hot oven through. Add a sprinkling of parsley and serve.

Service and a "Baker's Dozen"
Remember when you, as a youngster, went to the baker's for a dozen buns, he always gave you an extra one for good measure. "A baker's dozen" always meant thirteen, or one more than you paid for.
Nowadays you rarely if ever get "a baker's dozen" when you buy bread. Perhaps the modern bakers are all superstitious, and try to avoid the unlucky number 13. Perhaps they have been forced to watch their costs more closely to cope with present day conditions.
We Give You More Than You Pay For.
Regardless of what the bakers do, we believe in applying in all our transactions the principle of giving our customers always more than they pay for.
"For good measure" we throw in a superior kind of service, that is based on thorough knowledge and over sixteen years of experience in handling "nothing but business properties."
Whatever your needs along the lines of sales, leases, loans, insurance and property management may be, we can take care of you in a way that will be greatly to your advantage.

SHOW TO RAISE
FUND FOR POOR.

County Employees to Give
Christmas Cheer.

Entertainment Next Week to
Aid Unfortunate.

Noted Stage and Cinema Folk
Among Players.

The Los Angeles County Employees' Association, which last Christmas gave 100 tons of produce to the poor and the unfortunate girls at El Retiro and Sylmar, hopes through the public on Thursday evening, the 17th inst., to raise a great sum to double its good work this Christmas.

Through the efforts of a committee consisting of E. H. East, William Osterholt, Charles C. Fife and A. E. Bottel, president of the Los Angeles County Employees' Association, stars of the cinema and the legitimate stage have agreed to contribute their services free for the play to be given in Trinity Auditorium. Tickets for the play, called "The Greatest Show of 1921," will be sold by the employees and at Trinity booking office, Birkhead Music Store and B. H. Dry Company.

The list of names on the players' list perhaps has never been duplicated in this city. The stars are only too anxious to do their bit for the worthy poor. The actors and actresses, child dancers, musicians and others include: Wally Reid, Mary Miller Minter, Prof. and Mrs. Cavanaugh, tenor and mezzo-soprano, accompanied by Mrs. Mary Newman, pianist and composer; Shannon Day, Elizabeth Pollard; T. Roy Barnes; Kala Pasha, the Terrible Turk, vs. Bull Montana; 7-year-old dancer; Vera Krake, pianist and harpist; Elsie Belmont, violinist; Helen Nordstrom; Dixie Johnston; Mary Moore; Edith Johnson, interpretation dancers; pupils of Marion Shipp; Stephen Weiz, baritone; Carter H. Haver, Bebe Daniels, and Marie Charles Jacobs Bend.

BURCH IS SANE
COURT'S RULING.

(Continued from First Page.)

definite diagnosis mentioned; in other words it was simply insanity. This morning we find that we have an attempt to specifically diagnose the possibility of a dementia praecox in the paranoid state. Now, nearly all the doctors, except Dr. Weaver and Dr. Hoag, have sat on the commission of this county with me during the period, but none of them sat with me all the time. They sat with me in rotation.

"Now, observing an insane person there are certain, we will classify them as objective and subjective symptoms. The subjective symptoms are apparent. In dementia praecox cases there are many objective symptoms that are apparent at all times. In other words they become such a habit that they are not simulated. Those become more emphasized at certain times. I have seen the defendant in court—at one time for a considerable time when he was perfectly composed, sitting here in the jury box—and I have seen him under an adverse condition. In other words at the time that the master of his insanity was first suggested.

"There are certain earmarks, especially, that appear in the expression and where it is a true praecox case it becomes permanent. There are none of these present in the defendant. I have seen him during the time he has been in court. Now, as to the subjective symptoms, which are the ones that predominate in paranoia, now he is not classified by any doctor as a paranoid or a true praecox, but that he is in a paranoid state, and majority of the symptoms of a paranoia or of a dementia praecox paranoid state, especially the subjective ones, nearly all of them are delusions. Now, Dr. Calder, in his affidavit sets up a delusional portion, the fact that the defendant's father and counsel had tried to put him in an insane asylum.

APPARENTLY NORMAL.
"For the purpose of this statement, that is not a delusion, it is a fact; so, that in addition to that I don't think there is a question of a doubt but what the facts stated to Mr. Kittrell or his observation were absolutely true, that when he stated them to Mr. Schenck the attitude that he took to the first affidavit, that he was apparently normal, and that within the last minute he became, according to the affidavits, an insane person. The affidavits of counsel because they are the ones that are, from a legal standpoint, that imports insanity in the making preparation or lack of preparation of the defense, he became in such a condition that he convinced them that he was not mentally capable, that the condition that existed was a condition that existed in the statement of Dr. Calder.

"There is no doubt that simulation at times or desire to simulate at times is very great. It may be that he was successful in simulating at the last minute and convincing his counsel in their mind that he was not competent to answer the questions.

"Of course, I don't know what questions were asked or what answers were given, but the only thing we have to go on is the evidence before the court, and I am not doubting and do not intend to cast any reflection whatsoever on counsel for the defendant in their affidavits, because as far as Mr. Schenck and Mr. Kittrell are concerned their standing at the bar is unquestioned, and in so far as Mr. Sullivan is concerned, he having been introduced by Mr. Schenck, why his standing at the bar is unquestioned, but I do not feel at this time that there is such a doubt as is contemplated under Section 1865—in fact there is no doubt in my mind as to this man's mental condition, and I believe that he is, and so find that he is in such a mental condition that the motion to have the matter of his insanity submitted to a jury will be denied."

Specifically, the two motions filed by Mr. Elliott just at the close of the session were a demand for the release of Mrs. Obenchain and a demand for immediate trial. The first was addressed to Dist. Atty. Woolwine and is styled "a motion to dismiss and quash" the

HIGHER PHONE
RATE FORECAST.

State Rail Commissioners End
Hearing Here.

Valuation of Company Set at
Twenty-two Million.

Corporation is Denounced by
Subscribers' Attorney.

A rise in telephone rates was foreshadowed yesterday at the hearing before the State Railroad Commission on the application of the Southern California Telephone Company for permission to increase its charges for service. The case was formally submitted yesterday to the commission and taken under advisement after a report of a conference of engineers selected by the commission at a hearing early in September was received.

The engineers represented the commission, the city and the company and the valuation as a basis it was forecast by State experts that an increase will be justified. Just what attitude the commission will take is problematic, but the engineers representing the commission were members of the conference.

The report was presented by the following: Commission engineers, Richard Sachs, A. L. Wilson and H. Johnson; city of Los Angeles, H. Z. Osborne, George H. Rowe and J. C. Carahan; telephone company, C. F. Wagner, K. R. Powley and N. Wigton.

ENGINEERS DIFFER.
There was a wide difference between the engineers when they began working out the problem last September. The company had submitted several different valuations and the city asked that the rates be based. The highest figures were about \$35,000,000, which the company asserted was the true replacement value of the company's property. The lowest valuation set by the company for rate-making purposes was \$27,000,000 and this figure the conference of engineers set at \$35,000,000.

The engineers were agreed upon only two items on the list. The primary area in which telephone service should be considered a flat rate was one point where there was agreement. That area includes most of the city and the Colver City and other communities between Los Angeles and the beach cities. The engineers representing the various interests were also agreed upon estimated operating incomes for the company of 1921, 1922 and 1923, with estimated rates as a basis for the figures.

In figuring the operating income the engineers took first the company's requested rates, then rates based upon the valuation reached by the conference, but in every instance the income was figured on a higher rate than now is charged by the company for service. It was this feature of the report that experts believe indicates that the company will receive part of the additional revenue it asks for.

COMMISSIONERS LEAVE.
Commissioners Brundage and Rowell, who have been conducting the hearing, took the report and listened yesterday to summing up of evidence by both sides. After the hearing the two commissioners left for San Francisco without indicating how soon a decision on the matter can be expected, but it is believed by the attorneys of both sides that an early agreement can be anticipated.

At the hearing yesterday morning City Attorney Stephens got before the commission some testimony regarding the poor service being given by the company here. This was over strenuous opposition by James Robert Loucks, attorney for a group of subscribers, scathingly attacked the company for the service it is giving in this city and vicinity. He concluded with a demand that telephone rates be lowered instead of raised.

Attorneys representing the city argued that service should be considered before the company is given the right to increase rates. The telephone service furnished to subscribers in Los Angeles is the poorest in the United States. City Attorney Stephens, in examining A. N. Johns, telephone expert for the commission, brought out that recent tests with service in which the city's ranking compared with other cities of the country was very low. Mr. Johns said 1447 calls were made of the 58 lines, successful, 488 were unsuccessful, 221 were abandoned, 148 were given the wrong number and 183 received the busy signal.

DENOUNCES COMPANY.
The evidence submitted by Mr. Johns gave Attorney Loucks opportunity to denounce the corporation for demanding higher rates without making any improvement in service.

"This company is not giving the service it should for the present rates," he declared. "The company is not entitled to any increase of rates and my clients are urging that the commission reduce the present rates to a point commensurate with the class of service furnished. Present rates are almost confiscatory and any increase certainly would be a harvest through class legislation and is securing more wealth than justly entitled to, according to government reports of earnings and investments."

After several clashes between attorneys representing the various interests Mr. Shaw stated the company was willing to submit its case without argument. Attorney Stephens for the city argued after citing decisions of various state rate-making bodies that he declared his direct bearing on the question.

WOULD EXTEND BUS LINE.
Extension of an auto bus line operated between Los Angeles and Inglewood by the West Coast Rapid Transit Company, to include the Redondo-Bermosa Beach district, is projected in the application filed yesterday with the State Railroad Commission by D. E. Maurer, operator of the present line. Transportation facilities between the beach section and Los Angeles, which include the services maintained by the Pacific Electric and Los Angeles Railway systems are inadequate, he stated, in his application. It is proposed to establish an auto bus service which would run between the terminals mentioned at two-hour intervals from 8 a. m. until 10 p. m. daily.

SALVATION
DRIVE WINS
VOLUNTEERS

Many Organizations Here
Will Help Make One-Day
Appeal for Cash Succeed.

Responding to the Salvation Army plea for volunteer workers to conduct its one-day appeal for home relief next Saturday, more than a dozen organizations have sent in lists of team captains and leaders who will conduct the solicitation for funds in all parts of the city.

Intense rivalry between the University of California, Southern Branch, and the University of Southern California for the silver cup offered by Fred A. Miller, managing director of the California Theater, has resulted in enrolling several hundred students in the contest. The following organizations have offered workers:

Hollywood Studio Club, Boyle Heights Club, Jewish Council of Women, Hollywood Club, Civic Philanthropy, Southern Branch, University of California, University of Southern California, Federal Board University of Southern California, Young Woman's Boarding Home and Clark Home for Girls.

POWER'S EFFECT TOLD.

Editors Are Guests at Luncheon of the Electric Club.

Hydroelectric development and its relation to prosperity and progress in California was the chief topic of discussion yesterday at a luncheon of the Electric Club in the Alexandria Hotel Bldg. at which representatives of Southern California newspapers were the guests of honor.

Charles H. Peterson of the Southern California Edison Company was chairman. Before taking the gavel he was presented with a large and ornate key cake which, despite hints from club members, he did not offer to cut during the luncheon. Among the speakers were B. F. Pearson and H. H. Ballard of the Southern California Edison Company and Frank Roberts of Long Beach.

25 SUN DRUG STORES IN CALIFORNIA

PLAN HUGE MAP OF THE COUNTY.

Supervisors Consider Scheme for Complete Plan.

Sections to be Engraved by Government Experts.

To Show Water Lines, Roads and All Improvements.

A proposition for the making of a topographical map of Los Angeles county to be engraved by the government at a cost of \$30,000, the total cost of the map to be \$50,000, is being considered by the Board of Supervisors.

The recommendation came to the board yesterday from County Surveyor Rockwell, who stated that the proposition has the backing of the Society of American Military Engineers, the American Society of Civil Engineers, the American Society of Landscape Architects and the Los Angeles City Planning Commission.

The County Surveyor recommended the formation of a commission to have charge of the work, the members to comprise Charles H. Toll, chairman; J. B. Lipscomb, R. V. Orsborn, George C. Anderson and Ralph Hanlin, engineers, and George E. Davis, engineer and surveyor.

The latter is geographer.

FUND GIVEN NEW BACKING.

More than \$7000 was added to the advertising fund of the All-Year Club of Southern California yesterday with the receipt of pledges from a number of important interests. This is the largest single day's increase in the funds of the All-Year movement recorded in several weeks.

The big jump was made possible through three subscriptions of \$1000 each, from contributors who asked that their names be withheld for the present.

The pledges from these three are made for 1922 and 1923, \$2000 being subscribed for each year. The subscribers said pledges were made in recognition of the remarkably

effective advertising campaign carried out by the All-Year Club last summer, and in recognition of the fact that the club sounded a new and valuable note in travel advertising and especially in the advertising of Southern California.

Other subscriptions reported yesterday included those of the Los Angeles Record, the Warwick Apartments and Mrs. Ruth E. Piver, for the Jamison Apartments. With the enrollment of the Record among the financial supporters of the All-Year Club, it now has all five of the city's great dailies giving to it financial assistance as well as moral support.

AUTHOR OF FAKE "AD" IS SENTENCED AGAIN.

GETS JAIL TERM AFTER HE APPEALS FIRST VERDICT; FIFTY WOMEN DUFFED.

In spite of an appeal taken by W. A. Gillispie to a sentence of 180 days in the County Jail and the fact that he was granted a new trial on a technicality of law, he will have to serve that length of time. Judge Reese yesterday sentenced the defendant to the same term given him in the justice court.

Gillispie was accused and found guilty by a jury in Justice Hinchshaw's court of having inserted an advertisement in an evening newspaper for a number of women soliciting employment as a motion picture to report at Floral Park station. When about fifty women arrived in the parade, they saw him virtually nude on the hillside. He was sentenced and appealed. Judge Reese granted him a new trial on the ground that the verdict was not properly prepared.

A few days ago the defendant pleaded guilty and asked for probation. He was given permission to work on the county roads during his term.

TO TEACH SAFETY.

Series of Chamber Lectures to Factory Men on Tomorrow.

For the benefit of industrial employers and factory foremen, the Chamber of Commerce department of safety and fire prevention will inaugurate a series of lectures beginning tomorrow at 5 p.m. in the Chamber of Commerce. They will be continued every Wednesday evening for six weeks.

The series has not been prepared for the public, but for industrial managers, under the direction of the Southern California Society of Safety Engineers and the Los Angeles Safety Council. Authorities with national reputations for their safety work will speak.

John D. Maxfield, manager of the safety department, has outlined the course with the view to making industrial Los Angeles safe, in cooperation with the city-wide campaign for the prevention of accidents.

WIFE CHARGES DESERTION.
Samuel Haas deserted Clara D. Haas in Pasadena June 12 of last year, according to divorce proceedings started yesterday by Mrs. Haas. The complaint, which was filed by Attorneys Hahn and Hahn, states that the couple were married Nov. 23, 1911.

ARMISTICE DAY PLANS ARE TOLD.

Order of March and Positions in Parade Announced.

Committee Gives Out Events at Exposition Park.

Program Includes Athletics and Motor Races.

Allotments for the Armistice Day parade and the program of athletic events and motor races which will be held in Exposition Park next Friday, were announced yesterday.

Col. Arthur Williams, grand marshal of the parade, checked over the forty and more acceptances of invitations to participate, and issued his formal order for the parade, which will start at 11 a.m. at Adams and Figueroa streets.

At the same time a special committee announced the following athletic program of the American Legion, National Guard and other organizations was veterans:

One hundred-yard dash, 220-yard dash, 440-yard dash, 1/2-mile run, four-man relay, two-mile heats for two-cylinder motorcycles, two-mile heats for four-cylinder motorcycles, two-mile heats for winners in two classes, fancy motorcycle riding by women, Japanese wrestling and sword-fighting and three boxing bouts. The free dance in the armory at night concludes the day at Exposition Park.

ORDER OF MARCH.
Col. Williams' order allotting positions in the parade follows:

(1.) The line of march will be from the intersection of West Adams and Figueroa streets, south on Figueroa to Exposition Park, entering the east entrance to grand stand, leading west to central track gate, north to track, east on track past reviewing stand, thence to east entrance of race track where units will be guided to places assigned.

(2.) Units will be in positions assigned below and order of march at 10:30 a.m. Column moves at 11 o'clock.

"Division one: Police at the intersection of Twenty-eighth and Figueroa streets, on Figueroa facing south; distinguished guests including city and county officials in automobiles, grand marshal and staff at intersection of Adams and Figueroa streets, followed by marine band; Regular Army units, Navy and Marine Corps, California High School band, National Guard and naval reserves.

"Division two: Head of column resting at intersection of Twenty-third and Figueroa streets, facing south on Figueroa; Southern Branch University of California band and cadet corps; Spanish American War Veterans; Veterans of Foreign Wars; Elks; Italian and Belgian contingents; Rainbow Division; Twenty-third Engineers; Hollywood High School Band and cadets.

"Division four: Will form on Twenty-first street, head of column at Figueroa street, facing west; firemen's band; Grand Army of the Republic in automobiles; Confederate veterans of the World War in automobiles; Elks and Elks' band; Los Angeles High School band and cadet corps; Polytechnic High School band and cadets; Manual Arts High School band and cadets; Jefferson High school band and cadets; Franklin High school cadets.

MILITARY SCHOOLS.
"Division six: Will form on Twenty-third street, east of Figueroa, head of column at Figueroa, facing west. Military Academy; Urban Military Academy; unnamed units, and 40 Hommes et Chevaux.

(3.) March formation will be in column of squads. Unit commanders may vary, changing into column of platoons or company until arriving at the east entrance to grand stand at Exposition Park, when column of squads will be resumed. Upon reaching race track organizations will pass reviewing stand in column of companies or equivalent formation.

(4.) Leaders of bands of each division will meet and arrange alternate playing in order to maintain uniform cadence.

(5.) Aides will report to the chief aide at the intersection of Adams and Figueroa streets at 10 a.m.

(6.) Marshal's staff will report at same point at 10:30 a.m.

(7.) No organization will fall out or be dismissed until after short ceremonies at Exposition Park.

(8.) Units upon taking position at Exposition Park, when column of squads will be resumed. Upon reaching race track organizations will pass reviewing stand in column of companies or equivalent formation.

(9.) Community Service Band will report to Col. Hutchins at grand stand, Exposition Park, at 10:30 a.m.

ARMISTICE MEMORIAL.

Masonic Lodge of Ex-Veterans to Hold Dedication Exercises.

Invitations were sent out yesterday for the annual Armistice memorial exercises and dedication ceremonies at the Masonic Lodge, No. 482, F. & A. M., tomorrow night at the lodge rooms at Twenty-third street and Union avenue.

The lodge, which was chartered more than a year ago by ex-service men, was the first in the state in which all the charter members are ex-service men. It is named after Maj. Clarence F. Smith, a Mason, who was killed in action in France.

The ceremonies will be participated in by Past Grand Master Dana R. Welner, Past Grand Master William R. Hervey, Potentate Louis Cole of Al Malakiah Temple, Past Commander Lewis Cruickshank of Golden West Temple, Commander Robert A. Heffer of the Arab Patrol, Imperial Captain of the Guard Leo Youngworth, Walter Brinkton, past commander, Los Angeles Post No. 8, American Legion and Jesse G. Foster, vice-commander, Sunshine Post, No. 251, American Legion.

The Plan of the Club Offer

Any responsible person may apply for membership. Membership in the club is limited to 100 members—that is, 100 instruments only will be sold in this way. The membership fee is only 1.00—a fee that is refunded if the instrument is not purchased by November 30th or the membership rejected. The membership fee applies to the purchase price of the instrument.

Closing date of club membership is November 30th, 1921, or before if the 100 membership is filled. Membership in the club does not obligate you—it assures you of unusual privileges and absolute delivery, providing you select your instrument before November 30th.

WHERE CASH BEATS CREDIT

Cash and Carry Grocery Stores

Our seventeen years of successful food selling have proven conclusively that the purchasing public appreciate the opportunity to economize. Are you saving money by trading at CHAFFEE'S?

Durable Brooms

The same light weight, durable and serviceable broom that ordinarily sells for one dollar. Special, 58c.

Armistice Day, Football Game, Pasadena

Are you stepping on the brake or the accelerator?

The food you eat does make a difference.

Heavy, starchy foods often do slow down body and mind—often steal the energy that belongs to the day's work. Grape-Nuts is a go-ahead food. It contains the perfected nourishment of Nature's best grains. It includes all those elements needed to nourish body and brain. It is easy to digest. It gives energy without taking energy.

How about your breakfast or lunch—does it give, or take?

Grape-Nuts is sweet, crisp, delightful to the taste, and is an ideal source of power for a busy and difficult day.

"There's a Reason" for GRAPE-NUTS

Tender Gums —A Warning

Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty, also. Loosening, teeth indicate Pyorrhea. Bleeding gums, too.

Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

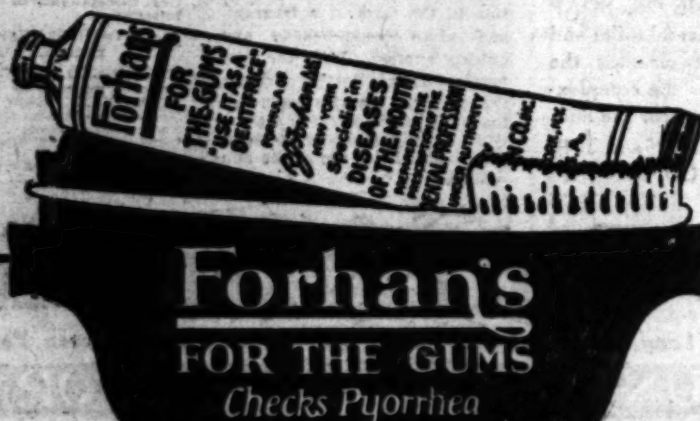

Brush Your Teeth With Forhan's—How to Use It

Use it twice daily, once in the morning and once at night. Wet your brush in cold water, place a half-inch of the bristles in the mouth, brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

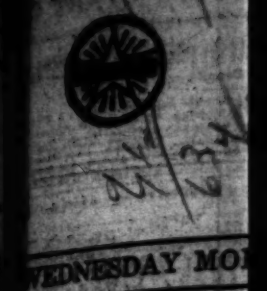

35c and 60c. All druggists.
